

# Azendian

Providing data driven and AI enabled smart city solutions with quick live capability

Easy-to-implement tools for non-data science trained users.

**RESULTS IN:**

**Lower**

cost of ownership.  
No need for large equipment purchase

**Faster**

go "live" capability,  
lowering costs and risks

**Shorter**

implementation time,  
speedy adoption of best practices

**Better**

productivity with data science  
and AI solutions

## Areas of Expertise

### Education

for School Administrators, Educators  
**LiteOn Campus Solution**  
Learner attains fullest potential,  
learning institutions enhance pedagogy  
and curriculum efficacy.

### Built Environment

for Estate & Building Asset Owners  
**LiteOn Estate Solution**  
For a more sustainable world,  
reducing carbon footprint, improving  
cost efficiency in building operations.

What We Do Matters
