Starter Kit on SingPass Mobile app

SingPass

DID YOU KNOW?

SingPass Mobile lets you prove your identity using fingerprint, face or passcode when accessing services, and keeps your important information on hand. You can also enjoy faster SafeEntry check-ins individually or as a group using the app!

STEP 1 Download the SingPass Mobile app on your smartphone

Go to the **Apple App Store**  or **Google Play Store**  to download the SingPass Mobile app and launch the application. Check that the app developer is **Government Technology Agency**.

1. For iOS users, tap on **GET** to download the app.

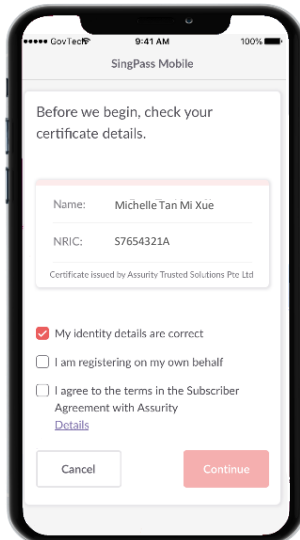

2. For Android users, tap on **Install** to download the app.

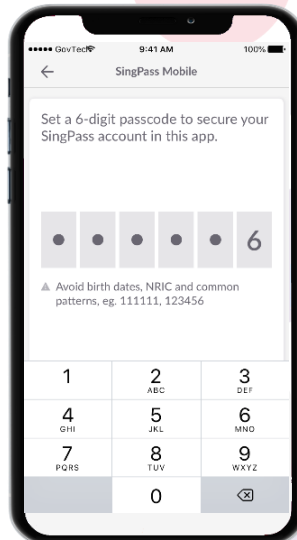

STEP 2 Complete a one-time setup

During set-up, you will need:

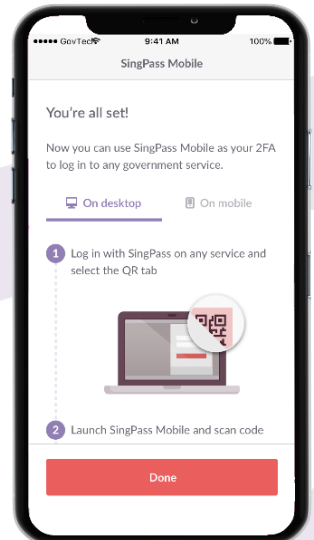

1. Internet connection
2. SingPass ID and password
3. If applicable, your existing 2FA (SMS or OneKey token)

1. **Check your details** on your identity certificate.

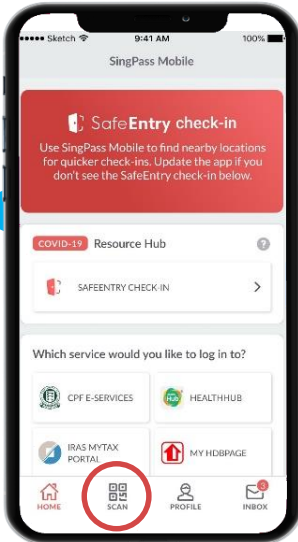

2. **Set up passcode and / or enable fingerprint / face authentication.**

3. **Read the instructions** on how to log in to services.

STEP 3 Use SingPass Mobile to access services or perform SafeEntry check-ins

1. Tap on 'Scan'.

Access government services (e.g. CPF, IRAS, HDB)

Check in to locations with SafeEntry

2. Scan SingPass QR code on the login page.

2. Scan SafeEntry QR code at the location.

3. Verify your identity using fingerprint, face or passcode.

3. Confirm your location.

Cyber security tips

- Do not disclose your login details to others as it can lead to unauthorised access to your accounts and personal information.
- Only register your own fingerprint and facial data on your smartphone.
- Always log out of the digital service when you are done with your transactions.
