

Filming Friendly Zone @ one-north

Introduction

The Filming Friendly Zone @ one-north is a new initiative that provides an environment that is easy for filmmakers to conduct small to medium-sized shoot for filming within selected areas in the one-north area, through streamlined approval processes.

This initiative is led by Singapore Film Commission (SFC), part of the Infocomm Media Development Authority (IMDA), in collaboration with key partner agencies and location owners/and or tenants in the area. The Filming Friendly Zone @ one-north will add to the vibrancy of the one-north media cluster, and aims to:

- Build relationships by fostering co-operation between government agencies and key property owners and tenants within the one-north precinct.
- Facilitate filming within one-north by streamlining the administrative process of approval from two weeks to three business days.
- Provide film-friendly locations through a consolidated guide that offers one-stop point for contact locations of property owners/tenants and information for filming within one-north.

Application Process

1. Review guide and complete application form that can be downloaded from (<https://www.imda.gov.sg/industry-development/sectors/media/film>)
2. Email application form to property owners and/or tenants whose locations you wish to film at in a single email. The Singapore Film Commission (SFC@imda.gov.sg) must be copied in your email.
3. Property owners and/or tenants will review the application and advise on concerns, or clarifications if required. Applications will be approved or rejected within 3 working days.
