The total amount of the prizes is worth more than $29,000. Below are the prizes to each Category:

For Open Category – a total of $18,000 cash prizes for the top 3 teams

For School Category – a total of $4,500 prizes for the top 3 teams

For Junior Category – a total of $3,600 prizes for the top 3 teams

In additional, all open category teams which qualify to the final round would be eligible for the special book prizes.

A special Security by Design prize, sponsored by the Cyber Security Agency of Singapore, will be awarded to the team that best demonstrates their approach and implementation of 'Security by Design', or how it has incorporated security considerations upfront in the design of their project. The special Security by Design award is a $1,000 cash prize.

A special Best & Innovative by Design prize, sponsored by PSA Singapore for tackling their problem statement, will be awarded to the team that best demonstrates anything that is new, useful, and valuable in terms of increasing revenues, reduced costs or both, will be awarded with $2000 cash prizes.
