

# **Non-SIM Automatic Login Setup Guide For Android 4.0 and newer**

<p><b>Step 1:</b> Remove any existing Wireless@SG profile from your mobile device</p>	<ol style="list-style-type: none"> <li>1. Go to the Wi-Fi menu</li> <li>2. Press and hold the “Wireless@SGx” Wi-Fi network and select “Forget network”</li> </ol>
<p><b>Step 2:</b> Download the Wireless@SG app from Google Play.</p>	
<p><b>Step 3:</b> Launch the Wireless@SG app. Select “Setup” from the menu.</p>	

**Step 4:**

Select a Wireless@SG provider and key in your NRIC and mobile number and click "NEXT".

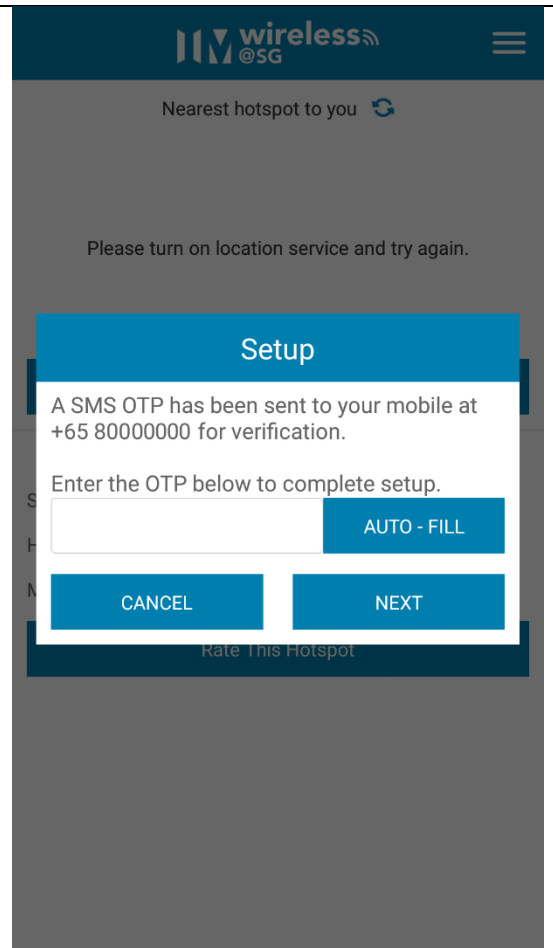

**Step 5:**

For first time users, you will be prompted to accept the terms & conditions, and to optionally provide your gender and year of birth.

The screenshot shows the 'Setup' screen of the Wireless@SG application. At the top, the logo 'wireless@SG' is visible. Below the logo, it says 'Nearest hotspot to you' with a refresh icon. The main heading is 'Setup'. The text reads: 'Hi! We noticed that you are new here. We would like to know you better. Could we know your gender and year of birth?'. There are two buttons for 'Male' and 'Female'. Below them is a text input field for 'Year of Birth'. A link for 'terms & conditions' is provided. A checkbox is present for 'I agree to the terms & conditions'. A disclaimer states: 'For security purposes, your account will only be valid for 6 months. You will be prompted via SMS to run setup again when you login with an expired account.' At the bottom, there are 'CANCEL' and 'NEXT' buttons.

**Step 6:**

You will receive a one-time password (OTP) to the mobile number provided. Key in the OTP in the field and press "Next".

**Step 7:**

Congratulations. Your device is configured to connect automatically to Wireless@SGx
