FLOW TECH

Providing reliable & affordable
energy storage solutions
to power your needs

Applications

- High round-trip efficiency
- 25 years lifespan
- Stable energy capacity
- Environment-friendly

- Self-reliant EV charging
- Microgrid/Solar/ Renewable integration
- Powering Telecom towers
- Grid Services
- Gated Communities

POWERING TOMORROW

POWERING TOMORROW

PowerCube

Products & Services:

1) 5-30kWh batteries
for residential storage & solar tracker

2) 10-100kWh batteries
for EV charging & off-grid application

3) 100-500kWh batteries
for grid balancing and solar & wind farms

4) Cloud-based software monitoring and control solutions
to enable multiple applications

Ideal for

| Power Producers | Mining | Built Environment | Government Organisations | Defence |
