Project

Sing To The Dawn (in production)

Produced by : MediaCorp Raintree Pictures and Infinite Frameworks

Directed by : Philip Mark Mitchell

Genre : Animation

Format : Digital/35mm

Language : English

Synopsis:

The frustrations, hardships and political injustices of everyday life in a village in Southeast Asia are dramatically revealed in the story of Dawan, a young girl who seeks the opportunity to continue her education at a city high school by competing against her brother for a scholarship award. When she wins, she faces the disapproval of her father, who accuses her of betraying her brother and forbids her to accept the scholarship.

18) The Right Angle Media

The Right Angle Media is a Singapore-based independent production company with an output of 50 to 70 hours of television programming a year. It specialises in factuals with documentaries at its heart. But the creative team at The Right Angle also defines this genre to include food and travel, formatted gameshows, reality, science and engineering. While its roots are in Singapore, over half of its productions reach out to the international market. Its programmes have appeared on international channels like Discovery, National Geographic, the Asian Food Channel and several UK and European networks. The Right Angle's award winning productions have taken our viewers across Asia – China and India, Taiwan, Thailand, Korea and Japan. And in the end, that is what the team at The Right Angle Media does best: finding and telling universal Asian stories for an international audience.
