Amazon Web Services

“Amazon Web Services is pleased to collaborate with IDA on the Data-as-a-Service pilot in support of the Smart Nation initiative for Singapore,” said Peter Moore, Asia Pacific Managing Director, APAC Global Public Sector, Amazon Web Services Singapore. “By providing the highly secure and reliable AWS cloud computing platform for the data providers, Amazon Web Services removes the heavy lifting of IT infrastructure, enabling data providers to focus on delivering values for their datasets and accelerating their time to market.”
