Eutech Cybernetics Pte Ltd

Singapore based *Eutech* Cybernetics has a global talent pool of over 200 highly skilled software professionals. Headquartered in Singapore with offices in USA, Europe & APAC and development centers in Sri Lanka & India.

Eutech's Products & Services:

Eutech Cybernetics has two lines of business
1. *iViva.works*™ application frameworks consisting of Infrastructure management solutions, *eFlow*™ **Business Process Management** & Healthcare applications.

    eFlow™ **Business Process Management**: is a BPM solutions framework based on Six Sigma concepts. The benefits of an *eFlow*™ implementation in an eGovernance scenario are;
    Policy Makers
    • The policies formulated by the policy makers can become the USP of the state.
    • The policies can be benchmarked versus International best practices.
    • Dashboard view for the top management and policy makers.
    Administration
    • Six Sigma methodologies for Tracking, monitoring and control.
    • Process improvements based on Process Metrics.
    • Continuously raising the service levels to citizens.
    Citizens
    • Citizens get a transparent view of its government in action.
    • Citizens are assured of timely and Quality delivery of services by the government.
2. eBusiness: Custom development & migration of legacy applications. Clients are benefited with *Eutech's* "Value Expanding" offshore development model.
