

AI-powered Real-Time Safety Video Monitoring & Analysis

- Identifies Risks • Reduces Costly Downtime • Safeguards Operations

- 01 SAFETY SECURITY & COMPLIANCE 24/7**
AI video monitoring system to detect safety in real time
- 02 ADVANCED & PROACTIVE RISK MANAGEMENT**
AI intelligence to identify potential risks
- 03 FLEXIBLE, PLUG & PLAY CONVENIENCE**
In-house system, adaptable to existing CCTV infrastructure

Industry-wide applications for
manufacturing, logistics, smart infrastructure, maritime & petrochemicals

5,000+
Cameras monitored 24/7

40%
Improvement in response time

100k+
Events detected

15%
Increase in operational efficiency
