No	Activity	Description	Target Audience / Venues
1	<i>"Data for All"</i> initiative by M1, GOMO by Singtel and giga! by StarHub	<p>Calling Singaporeans to play a part by pledging support to Data for all. Telcos will commit \$3mil worth of data to benefit 30k beneficiaries with digital connectivity from the community's support.</p> <ul style="list-style-type: none"> <li>• M1 users can pledge their support by liking and resharing the social media posts that M1 will be posting.</li> <li>• GOMO users from Singtel can donate their extra data, where Singtel will consolidate the donated data into hi! SIM cards to benefit up to 10,000 vulnerable seniors island-wide.</li> <li>• giga! users from StarHub can pledge their support for the initiative by redeeming a special giga Surprise within the giga! app.</li> </ul>	Open to All @ Suntec & Heartbeat
2	<i>"Government Digital Services"</i> by CSA, NLB, GovTech and SNDGG	Explore Government services on digital access, adoption, mastery, well-being, safety and security by various government agencies in a fun and interactive manner	
3	<i>"Pick up Cybersecurity &amp; Cyber Wellness Tips!"</i> by AISP	Participants will experience live demos of how scammers can easily spoof phone calls, emails and even voice to trick people into their ploy. They will also receive a range of goodies including a premium one-year anti-virus software.	
4	<i>"Doom the Gloom"</i> by The LEGO Group	In this interactive experience created by the LEGO Group, each parent and child pair will learn "gloom-busting" cyber wellness skills and healthy digital usage through fun interactive videos and mini-games. They will be given an exclusive LEGO gift after attending the hybrid workshop.	For Families @ Suntec & Heartbeat
5	<i>"Online Safety Park"</i> by Google	The Online Safety Park is an interactive showcase designed to teach children how to use the Internet in a safe and responsible manner and be empowered to become confident navigators online. Using core principles outlined in Google's Be Internet Awesome curriculum, the showcase educates children on how to have a safe and meaningful experience on the web in a fun way.	
6	<i>"The Youth x Workshop: Build a Portfolio Edition"</i> By Cyber Youth Singapore & Exabytes	Graduating secondary school and ITE students will pick up a web development skill of building their very own portfolio website using WordPress.	For Youth @ Suntec & Heartbeat

7	<i>"IM-OK"</i> device by Lion Befrienders	Targeted at seniors, the IM-OK device can detect depression and anxiety through its AI programme. It also includes a scenario-based app that simulates possible scam scenarios for seniors to learn about protecting themselves from scams in a safe environment.	For Seniors @ Suntec & Heartbeat
8	<i>"Introduction to Block Coding"</i> by Science Centre	Students will be introduced to Robotics and Science using CoderZ, a basic block coding program which will help develop their problem-solving and design-thinking skills.	Children @ Suntec only
9	Laptop Repair Services by SGbono	Calling all volunteer engineers to join in this ground-up effort to help low-income families to provide laptop repair and trouble-shooting services onsite for families who are Blue CHAS Card holders	Open to All @ Heartbeat only
10	<i>Virtual Spaces Creation</i> by VIVITA	Invitation for all youths (especially students from low-income families) to join in this workshop where they will learn to create virtual spaces with basic coding skills taught by a 13-year-old VIVITA volunteer	Youth @ Heartbeat only

Enabling Village			
No	Activity	Description	Target Audience / Venues
