1. INTRODUCTION

- 1.1 The Asia-Pacific Economic Cooperation (APEC) Cross Border Privacy Rules (CBPR) System was developed by APEC economies to build consumer, business and regulator trust in cross border flows of personal data. The APEC CBPR System requires participating businesses to implement data privacy policies consistent with the APEC Privacy Framework and helps to bridge differing national privacy laws within the APEC region, reducing barriers to the flow of information for global trade.
- 1.2 The CBPR System applies to organisations (data controllers) that control the collection, holding, processing, or use of personal data.
- 1.3 APEC CBPR Certification will benefit businesses in the following ways:
 - **Reduce Cost and Time** with a single and consistent set of privacy standards that facilitates international data flows.
 - **Build trust and confidence** by demonstrating a high-standard commitment to data protection among your business counterparts and customers.
 - **Provide assurance** to your organisation through third-party certification that improves and validates your data protection standards.
 - **Demonstrate good faith compliance** to enforcement authorities.
- 1.4 APEC CBPR is a voluntary enforceable, accountability-based certification that allows for the transfer of personal data across borders and between participating economies. Certification is valid for 1 year and organisations would need to reapply for re-certification at least 3 months from the date of expiry of the certification.
- 1.5 The organisation must promptly notify IMDA of any Significant Change that arises during the certification period. A review may be conducted pursuant to the Significant Change and the organisation will be required to carry out the necessary corrective action or the certification may be terminated. More details on Significant Changes are set out in Section 9 below.

APEC CBPR Assessment Body

- 1.6 The Assessment Body (AB) acts as an independent body to assess that an organisation's data protection practices conform to the APEC CBPR requirements, and to highlight gaps for the organisation to address, if any.

- 1.8 Singapore companies can consider applying to Enterprise Development Grant (EDG) to seek support for some of the costs for APEC CBPR certification and consultancy services. Companies are subjected to the prevailing criteria of EDG to qualify for funding support. All applications will be assessed by Enterprise Singapore (ESG) based on project scope, project outcomes and competency of service provider.
- 1.9 For more information on the EDG and how to apply, please visit ESG's website at <https://www.enterprisesg.gov.sg/financial-assistance/grants/for-local-companies/enterprise-development-grant/apply/pre-application>.

A list of Consultancy Service Providers is available at www.imda.gov.sg/dptm (under DPTM Requirements and Resources section). To be eligible for EDG funding, the applicant organisation needs to ensure that the selected provider is an approved CQI consultant (*List of certified management consultants can be found at <https://www.enterprisesg.gov.sg/financial-assistance/grants/for-local-companies/enterprise-development-grant/apply/consultant-quality-initiative/overview>*).
