Dear Sirs,

Re: DVB-R2 Receiver

Please allow me to add a suggestion for houses that have two televisions or more. It would be good if the Digital Signals can be sent through the Powerline by using a Multi Streaming Powerline Adaptor. This will alleviate the costs and problems of having to recable the house. Also it will encourage more users to view the Free To Air Channels in a house or Kopitiam.

Thank you for your kind attention.

With Best Regards,

From: Cheng Kim Wai
