- 1.2. Where a Point-to-Point Connection is provided to the RL for the purpose of Mobile Network Deployment, the A-end shall be located at any of the RL's Mobile Hub and the B-end shall be located at either Mobile Hub or Base Station, or vice-versa.

2. APPLICABLE MRC

- 2.1 The Applicable MRC for a Point-to-Point Connection shall vary based on the RL's declaration of the duration for which that Point-to-Point Connection shall remain active ("**Connection Period**") on the Request, and shall be determined in accordance with the "Applicable MRC Tiered Pricing" table set out in **Annex 2**.
- 2.2 The Connection Period of each Point-to-Point Connection shall be calculated commencing from the Ready For Service (RFS) date as advised by NLT.
- 2.3 The termination of an active Point-to-Point Connection before the expiry of the Connection Period shall be subject to an Early Termination Charge that is equivalent to the total aggregate Applicable MRC which would have been payable during the remainder of the Connection Period.

3. PROCEDURE FOR REQUEST FOR SERVICES

- 3.1. The RL shall submit each Request via email using the form set out in **Annex 3**. NLT shall communicate the Application Reference Identifiers that are assigned to the respective tenures of the Point-to-Point Connections that are offered under **Annex 2** at a later date. Each Request shall indicate the Application Reference Identifier, and NLT shall not be liable for any loss incurred by the RL in the event that an incorrect Application Reference Identifier is stated in the Request.
- 3.2. Within one (1) Business Day of receiving a Request, NLT will notify the RL on whether the Request has been accepted or rejected by NLT. Where the Request has been rejected, NLT shall inform the RL of the reason for the rejection.
- 3.3. Where the Request is accepted by NLT, NLT shall conduct a desktop study to evaluate the feasibility of supplying the Point-to-Point Connection, and shall issue a desktop study report on the details of the proposed deployment of the Point-to-Point Connection, which may include (but is not limited to) the following information:
 - (a) Distance of the proposed fibre route; and
 - (b) The theoretical signal loss applicable for the proposed fibre route.
 - (c) High-Level Routing Information (hereinafter referred to as the "**Routing Information**"), where expressly requested by the RL.

For the avoidance of doubt, the RL shall submit the request for the Routing Information within one (1) Business Day from the date on which the RL is notified of the acceptance of the Request in accordance with **paragraph 3.2** above. An additional non-refundable charge as specified under **Annex 2** shall apply in the event that the RL requests for the Routing Information.

- 3.4. The Routing Information in KMZ format shall be provided to the RL subject to the following conditions:
- (a) the RL acknowledges and agrees that the Routing Information shall comprise NLT's confidential information and shall be accorded the appropriate treatment as set out under **Clause 4.1** of this Agreement;

 - (d) the RL is strictly prohibited from reproducing the Routing Information in any medium and/or sharing the Routing Information with any third party for any reason whatsoever without NLT's prior written consent;
 - (e) The Routing Information provided to the RL shall be correct as of the date of the desktop study referred to in **paragraph 3.3** above, and may subsequently be subject to change due to cable diversions and other network maintenance activities carried out after the date of the desktop study. For the avoidance of doubt, NLT shall not have any continuing obligation to provide the RL with updated Routing Information;
 - (f) NLT makes no guarantee, representation or warranty as to, and shall bear no liability for, the Routing Information including, but not limited to, guarantees, representations and warranties of any kind, implied, express or statutory regarding the truth, adequacy, originality, accuracy, timeliness, completeness, reasonableness, freedom from computer virus, non-infringement, suitability, satisfactory quality or fitness for any particular purpose or any representations or warranties arising from usage, custom or trade or by operation of law and NLT expressly disclaims liability for any errors in, or omissions from, the Routing Information; and
 - (g) NLT shall not have any obligation to supply the RL with Routing Information that serve restricted and/or sensitive locations that include but are not limited to:

(l) NLT's Central Offices,

(hereinafter collectively referred to as the "**Restricted Locations**"). For the avoidance of doubt, the above list is neither static nor exhaustive, and NLT shall be entitled to reject a Request where NLT deems that the supply of the requested for Routing Information would entail the disclosure of confidential or restricted information relating to highly sensitive physical locations.

- 3.5. In the event that the RL does not accept the desktop study report, and decides to cancel the Request, Cancellation Charges as set out in **Annex 2** shall apply.
- 3.6. In the event that the RL accepts the desktop study report, and decides to proceed with the Request, the RL shall notify NLT of its acceptance via email.
- 3.7. Subject to the RL's acceptance of the desktop study report and any charges to be imposed by NLT on the RL on Cost-Oriented Basis, NLT shall conduct a site survey to assess the cable routing for each Point-to-Point Connection. NLT shall thereafter provide a quotation of any applicable one-time Installation Charge ("**OTC**") (including but not limited to OTC for digging or trenching work, where necessary) and of any additional cost (e.g. special trunking and scaffolding) to carry out the installation work arising from the need to access rooftop sites and/or deploy specialised equipment ("**Quotation**") prior to fulfilling the said order.
- 3.8. NLT shall commence the fibre deployment subject to the following conditions:
 - 3.8.1. The RL agrees to the OTC and other costs indicated in the Quotation proposed by NLT pursuant to **paragraph 3.7** above;
 - 3.8.2. The RL must provide its acceptance of the service activation period indicated by NLT and the Quotation to NLT within ten (10) Business Days of receipt of the Quotation, failing which, the Request shall be deemed cancelled and the RL shall be liable for Cancellation Charges stipulated in **Annex 2**;
 - 3.8.3. The RL shall assist NLT by providing access to the necessary existing facilities within the relevant Building or NBAP for the deployment of the Point-to-Point Connection which may include (but are not limited to) the cable trunking leading to the TP location;
 - 3.8.4. In the event that NLT is unable to deploy the Point-to-Point Connection using existing facilities, NLT shall revise the Quotation to include NLT's charges for building new facilities, which shall be calculated on a Cost-Oriented Basis, and the revised Quotation shall be submitted for the RL's approval. The RL must provide its acceptance of the revised Quotation within ten (10) Business Days, failing which, the Request shall be deemed cancelled and the RL shall be liable to pay the Cancellation Charges stipulated in **Annex 2**, and all costs that NLT has already incurred under the original Quotation accepted by the RL under paragraph 3.8.2 above; and
 - 3.8.5. The RL shall secure access for NLT to carry out any works and to liaise with building management where necessary.
- 3.9. For the avoidance of doubt, the RL shall not be permitted to submit any self-provide order under this Agreement.
- 3.10. In the event that the RL cancels the Request for a Point-to-Point Connection after the commencement of the site survey referred to in **paragraph 3.7** of this **Annex 1** and before accepting the Quotation, the Request for the relevant Point-to-Point Connection will be deemed to have been cancelled and the RL shall be liable for the Cancellation Charge(s) set out in **Annex**

2.

- 3.11. In the event that the RL cancels the Request for a Point-to-Point Connection after accepting NLT's Quotation, the Request for the relevant Point-to-Point Connection will be deemed to have been cancelled and the RL shall be liable for the Cancellation Charge(s) stipulated in **Annex 2**.

4. SERVICE LEVEL GUARANTEES

- 4.1. NLT will provide the service level guarantees set out below (collectively the "**Service Level Guarantees**"):
- 4.1.1. NLT shall offer a service level availability of 99.99% per month for each Point-to-Point Connection; and
- 4.1.2. NLT shall restore any fault within a standard recovery time of six (6) hours.
- 4.2. If NLT fails to meet the service level availability set out in **paragraph 4.1.1** above for a particular month and such failure is solely caused by NLT, its contractors and/or suppliers, NLT shall offer to rebate the RL ten per cent (10%) of the Applicable MRC for each affected Point-to-Point Connection. The calculation of the rebate shall be determined according to the rules set out in **Annex 4** of this Agreement.
- 4.3. If NLT fails to meet the standard recovery time set out in **paragraph 4.1.2** above and such failure is solely caused by NLT, its contractors and/or suppliers, NLT shall provide a remedy in the form of a rebate to the RL, and the rebate shall be determined according to the rules set out in **Annex 4** of this Agreement.
- 4.4. A claim by the RL shall be made in writing within thirty (30) Calendar Days of the completion of the relevant calendar month on which the Service Level Guarantees are measured. The amount in respect of any claim shall be paid to the RL in the form of a rebate. The RL acknowledges that a failure to make a claim within the specified timeframes under this paragraph means that the RL waives any entitlement to the relevant rebate. NLT will respond within (30) Calendar Days from the date of claim stating whether the claim by Requesting Licensee: is (a) valid for rebates; or (b) is an invalid claim. Where NLT assessed that the RL's claim is invalid, NetLink Trust will explain its basis or require the Requesting Licensee to provide additional information. For valid claims submitted within the timeframe, NLT shall provide the rebate in its next invoice.
- 4.5. If the RL is entitled to a rebate pursuant to the claim made under **paragraph 4.4**, NLT shall issue a credit note for the amount of the rebate due to the RL within thirty (30) Calendar Days of the date of the RL's claim.
- 4.6. The Service Level Guarantees and rebates provided by NLT are of an ex-gratia nature and personal to the Requesting Licensee and are non-transferable.
- 4.7. Notwithstanding anything in this Agreement, the Service Level Guarantees shall not apply in any of the following circumstances:
- (a) fault due to any equipment, wiring and/or cabling owned or operated by the RL or on behalf of the RL;
- (b) restoration of the Point-to-Point Connection where any site-coordination meeting, fault investigation, Joint Investigation Meeting or fault identification coordination meeting is involved, except where (i) the fault was caused by NLT; and (ii) the RL has not contributed to any delay in setting up the meeting. Notwithstanding the above, in determining whether the Service Level Guarantees have been met by NLT, the time taken from the start of

arranging any site-coordination meeting, fault investigation, Joint Investigation Meeting or fault identification coordination meeting up to the end of the meeting, shall always be excluded;

- (c) NLT is unable to obtain or maintain any licence or permission necessary to the restoration of the Point-to-Point Connection despite using its best endeavours to obtain expeditiously or maintain such licence or permission. Notwithstanding the above, in determining whether the Service Level Guarantees have been met by NLT, the time taken by NLT to obtain or maintain any licence or permission necessary to the restoration of the Connection shall always be excluded. Provided that in the event that the RL maintains the licence/permission, NLT will provide evidence that it has used such best endeavours;
 - (d) NLT has difficulty accessing the TP location despite using its best endeavours to expeditiously remedy the access difficulties, provided always that in the event there is a dispute as to whether NLT has used its best endeavours to expeditiously remedy the access difficulties, NLT will provide evidence that it has used such best endeavours;
 - (e) delay in the restoration of the Point-to-Point Connection caused by events beyond the reasonable control of NLT and its suppliers and contractors;
 - (f) fault is reported by the RL but no fault is found or confirmed after due and careful investigation, and verification by NLT;
 - (g) NLT is required to carry out service interruption, and RL has been given prior written notification of the same;
 - (h) NLT is required to carry out fibre diversion at the request of the Government Agencies, private developers or other relevant parties and the RL has been given prior written notification of the same; and
 - (i) where the RL or MCST (of the development where the Point-to-Point Connection is to be provisioned) requires customised arrangements or conditions to be fulfilled before access is granted to NLT, but such exclusion shall only be limited to the time taken for access to be granted to NLT.
- 4.8. The estimated period required by NLT to provision a Point-to-Point Connection using the existing NLT infrastructure is 1 calendar month, and approximately 3 calendar months are required to provision a Point-to-Point Connection where there is no existing NLT infrastructure. The RL acknowledges and accepts that the aforementioned timelines are purely indicative, and that the actual time required to provision each Point-to-Point Connection shall depend on the availability of access to the TP location, actual site conditions, the grant of the necessary licences, permits, consents, waivers and authorization by the relevant building management or any other party, and any unforeseen circumstances beyond the control of NLT.
- 4.9. Notwithstanding anything in this Agreement, NLT shall not be bound by the aforementioned indicative timelines, and the RL shall not be entitled to make any claims arising out of the failure of NLT to meet the service activation period in relation to any request for a Point-to-Point Connection provided by NLT under this Agreement.
- 4.10. If duplicate claims for the same failure to meet the Service Level Guarantees are made under **paragraph 4.4** and NLT subsequently issues credit notes for the amount of the rebates claimed, NLT shall notify the RL accordingly within thirty (30) Calendar Days on which the most recent credit note was issued, and shall be entitled to recover from the RL an amount that is equivalent to the duplicate rebates credited to the RL.
- 4.11. The RL shall ensure that claims submitted pursuant to **paragraph 4.4** are clearly distinguished

from the RL's claim for rebates under the Approved ICO. NLT shall not be liable for any discrepancies in the rebate provided to the RL arising from the RL's failure to comply with this paragraph.

- 4.12. NLT will review the Service Level Guarantees periodically and may revise the Service Level Guarantees, the corresponding rebates set out in paragraphs 4.2 and 4.3 of this Annex 1, and the rules described Annex 4, at its discretion following such review, subject to IMDA's approval. In the event that IMDA approves the aforementioned revision of the Service Level Guarantees and corresponding rebates, NLT shall notify the RL of the revisions in writing and the revisions shall take effect two (2) months from the date of such notification, subject to any direction by IMDA.

5. FAULT REPORTING

- 5.1. The RL shall report all faults by filling in the form set out in **Annex 5** of this Agreement and emailing the same to NLT's Fault Team at fault@netlinknbn.com. The RL must then follow up with a telephone call to Fault Team at telephone no. [REDACTED]
- 5.2. Upon receipt of a fault report from the RL in accordance with **paragraph 5.1** above, NLT shall investigate the cause of the fault and shall provide periodic updates to RL on the status of the fault rectification.
- 5.3. The calculation of the total time taken for the investigation to be completed will exclude the period during which NLT is not able to obtain permission to access or work in a Building or NBAP due to the Building or NBAP being inaccessible.
- 5.4. If, following the investigation, NLT determines that:
 - (a) There is no fault in NLT's Network; or
 - (b) The fault resides in NLT's Network and such fault is not evidently caused by NLT or its contractors or NLT's Network or equipment,

then, upon completion of the fault investigation by NLT, NLT shall charge the RL the fault investigation charge specified in **Annex 4** of this Agreement.

6. FEES & CHARGES

- 6.1. The fees set out in **Annex 2** shall apply for all Point-to-Point Connections provided by NLT pursuant to this Agreement. In the event that any charges for services are not stipulated in Annex 2, the charges for such services as set out in Schedule 15 of the Approved ICO shall apply.
- 6.2. The fees set out in **Annex 2** shall be valid until the occurrence of the earlier of the following events:
 - (a) the expiration of five (5) years from the effective date of the Agreement; or
 - (b) until such time the Authority reviews the prices of the Mandated Services offered by NLT pursuant to the terms of the Approved ICO. In the event there is any change to such prices that affects the fees set out in **Annex 2**, NLT shall notify the RL in writing, upon which NLT shall have no obligation to provide any further Point-to-Point Connections at the fees set out in **Annex 2**. The RL acknowledges that there may be a need to enter into a new agreement on revised tariffs and terms and conditions approved by the Authority at the

relevant time, in which case this Agreement shall be terminated by mutual agreement without liability on the part of either Party, save that both Parties shall settle any payments which have accrued at the time of termination.

- 6.3. NLT will review the fees set out in **Annex 2** periodically and may revise the fees at its discretion following such review, subject to IMDA's approval. In the event there is a fee revision approved by IMDA, NLT shall notify the RL of the revised fees in writing and the revised fees shall take effect two (2) months from the date of such notification, subject to any direction by IMDA.

7. REPORTS AND RECORD-KEEPING

- 7.1. The RL shall maintain accurate records of all matters relating to the Point-to-Point Connections provided under this Agreement, and shall:
- 7.1.1. Provide NLT with all reasonable assistance (including but not limited to, obtaining the necessary approvals, permits and consents to access any areas within the relevant building) to reconcile the number of Point-to-Point Connections through site visits and/or such other methods as determined by NLT at its sole discretion from time to time; and
- 7.1.2. Upon request by NLT, submit supporting evidence showing that each Point-to-Point Connection is used only for the purpose of providing Enterprise Services.

8. ADDITIONAL TERMS AND CONDITIONS

- 8.1. The RL shall obtain all necessary approvals, permits and consents (including approvals from the relevant building manager) at its own cost to facilitate NLT's access to all necessary areas within the relevant Building or NBAP, and all works relating to the Connection (including but not limited to any subsequent repair, replacement or upgrade to any equipment or facility forming part of the Point-to-Point Connection).
- 8.2. Upon termination of an existing Point-to-Point Connection at any time, the RL shall arrange for the Removal of the TP or any part of the Network as currently installed, and shall bear the charges relating to any reinstatement work to be performed by NLT in relation to the Removal at the RL's request. Such reinstatement charges will be recovered by NLT from the RL on a Cost-Oriented Basis. For the avoidance of doubt, this paragraph shall survive the expiration or earlier termination of this Agreement.
- 8.3. All ducts and manholes through which NLT's fibre cables are laid for the purposes of fulfilling the Request, shall belong to NLT. Wherever possible, NLT shall use its existing ducts and manholes to fulfil a Request. Where, in NLT's sole opinion, NLT's existing ducts and/or manholes are unable to fulfil a Request, NLT shall in its sole discretion determine whether the Request may be fulfilled by the digging, trenching, construction and installation of new ducts and/or manholes.
- (a) In the event that NLT in its sole discretion determines that the Request may be fulfilled by the digging, trenching, construction and installation of new ducts and/or manholes, NLT shall notify the RL of the same. Upon the RL's confirmation that NLT should nonetheless fulfil the Request, NLT shall dig, trench, construct and install such new ducts and/or manholes as NLT in its sole discretion deems necessary to fulfil the Request, and shall further be entitled to charge the RL for all works undertaken and all costs and expenses incurred in this relation to such new ducts and/or manholes. For the avoidance of doubt, such new ducts and/or manholes shall belong to NLT.
- (b) In the event that NLT in its sole discretion determines that new ducts and/or manholes cannot be dug, trenched, constructed and/or installed to fulfil the Request, NLT shall notify

the RL that NLT will require the assignment and/or transfer of the RL's existing ducts and/or manholes to fulfil the Request. Upon the RL's confirmation that NLT should nonetheless fulfil the Request, Parties shall negotiate in good faith for the said assignment and/or transfer of the RL's existing ducts and/or manholes and effect the same by entering into an agreement which shall include the following terms:

- (i) The ducts and/or manholes to be assigned and/or transferred to NLT free and clear of any and all encumbrances;
- (ii) The price payable by NLT to the RL for the said ducts and/or manholes;
- (iii) That the RL warrants that the relevant ducts and/or manholes are in good working condition, and are free from defect, deformity, damage, breakage and/or blockage; and
- (iv) That the RL shall do and cause to do all such acts, deeds and things for the purpose of assigning or transferring the relevant ducts and/or manholes in the name and in favour of NLT.

For the avoidance of doubt, there shall be separate agreements for each Request that needs to be fulfilled by the assignment and/or transfer of the RL's existing ducts and manholes.

- 8.4. The rights and remedies of NLT provided in this Agreement are cumulative and not exclusive of any other rights or remedies (whether provided by law or otherwise).
- 8.5. Regardless of termination or expiration of the Agreement the rights and obligations of the Parties under the provisions of the Agreement which by their context, intent and meaning would reasonably be expected to survive the termination or expiration of the Agreement or any part thereof, will so survive including but not limited to Clauses 4 (Confidentiality), Clause 8 (Limitation of Liability), 9.2 (Release, Waiver or Compromise), 9.5 (Invalidity and Unenforceability), 9.7 (Governing Law and Submission to Jurisdiction) and 9.8 (Liability of the Trustee) of the Agreement, and **paragraphs 7.1, 8.2 and 8.4** of this **Annex 1**.

A1. REBATES FOR POINT-TO-POINT CONNECTIONS FOR ENTERPRISE SERVICES

Subject to **paragraph 4.7** of **Annex 1**, NLT shall compensate the RL a rebate (as detailed in table below) in the event NLT fails to meet the standard recovery time of six (6) hours for each affected Point-to-Point Connection for a particular month.

Recovery Time	Percentage of Applicable MRC Credited to RL for each affected Point-to-Point Connection that fails to meet the standard recovery time of six (6) hours
< 6 hours	0%
Between 6 hours to < 12 hours	10%
Between 12 hours to < 18 hours	20%
Between 18 hours to < 24 hours	60%
24 hours and above	100%

Where a Point-to-Point Connection comprising of one (1) fibre strand is deployed between two (2) physical points (“**A-end**” and “**B-end**”), the amount to be credited to the RL shall be the product of the Applicable MRC for the affected Point-to-Point Connection and the applicable percentage as determined by the above table.

A2. SLA REBATES FOR POINT-TO-POINT CONNECTIONS FOR ENTERPRISE SERVICES

The service level availability for each Point-to-Point Connection is calculated as follows:

$$\frac{(A - B)}{(A)} \times 100\%$$

Where A = 24 hours x number of days for the month (in hours); and

B = total network outage time for each affected Point-to-Point Connection in the same month (in hours)

Subject to **paragraph 4.7** of **Annex 1**, the total network outage time is the sum of all minutes for which each of the RL’s affected Point-to-Point Connection for Enterprise Services is unavailable measured from the time each fault is reported by the RL to the time NLT confirms that the fault is restored, excluding fault incidents where NLT is prevented or restricted from restoring the service owing to matters that are not within NLT’s control.
