- (b) the other Party is in material breach of its payment obligations under this Master ICO Agreement and/or the relevant Service Schedule, and has failed to remedy such breach within fourteen (14) days (which period may operate concurrently with the period in Paragraph 3.3 of Annex 2 (Billing, Payment and Related Disputes)) after written notice of such breach is given by the Suspending Party to the other Party. For the avoidance of doubt, this sub-Clause shall not apply pending the resolution of any billing dispute in accordance with Annex 2 (Billing, Payment and Related Disputes);
- (c) compliance with legal or regulatory obligations requires immediate action;
- (d) the Suspending Party is directed or required to do so by the Authority, or by an emergency services organisation or by any other competent regulatory, administrative or judicial authority;

- 10.3 Either Party (the “**Terminating Party**”) may immediately terminate this Master ICO Agreement or the provision of an entire Mandated Service under the relevant Service Schedule, in each case, provided that Clause 10.4 is complied with, and take action to recover any monies outstanding, by giving written notice thereof to the other Party:
- (a) in the event of a material breach by the other Party which, if capable of remedy, has not been remedied within sixty (60) days from the date of written notice;
  - (b) if the other Party is unable to pay debts within the meaning of that expression in section 254(2) of the Companies Act (Cap. 50), or enters into an arrangement with, or making a general assignment for the benefit of, its creditors or the appointment of an administrator or administrative receiver over the whole or any part of its business or assets, or the other Party becoming the subject of any proceedings relating to insolvency or the protection of creditors' rights, or where proceedings for winding up are commenced under the Companies Act (Cap. 50) (whether compulsorily or voluntarily) otherwise than for the purposes of amalgamation or reconstruction or where the other Party ceases to carry on business;
  - (c) if the Terminating Party is required or directed to do so by the Authority, or by an emergency services organisation or any other competent regulatory, administrative or judicial authority;
  - (d) if the Contracting QP is no longer entitled to acquire:
    - (i) the Mandated Services under the ICO Agreement; or
    - (ii) a particular Mandated Service under the ICO Agreement in which case termination shall be limited to those parts of the ICO Agreement that relate to the Mandated Service to which the Contracting QP is no longer entitled to acquire;
  - (e) if the continued operation of the ICO Agreement would be unlawful or would pose an imminent threat to life or property of any party;

  - (g) any material information provided or representation made by the other Party to the Terminating Party is untrue, misleading or inaccurate and has an adverse material impact on the Terminating Party in relation to its provision of Mandated Services.
- 10.4 A Terminating Party will only terminate this Master ICO Agreement or the provision of an entire Mandated Service under the relevant Service Schedule, to the extent necessary to address the relevant event. Prior to terminating this Master ICO Agreement or the provision of an entire Mandated Service under the relevant Service Schedule, the Terminating Party shall notify the Authority and request the Authority's written approval of such termination, and shall concurrently notify the other Party that the Terminating Party is requesting the Authority's written approval to such

termination. The other Party may, within three (3) Business Days after its receipt of such notice (or such other timeframe as may be stipulated by the Authority), make written submissions to the Authority regarding the proposed termination. The Terminating Party's right to terminate this Master ICO Agreement or the provision of an entire Mandated Service under the relevant Service Schedule shall not be exercised without the Authority's prior approval, unless imminent threats to life or property of any party or compliance with other legal or regulatory obligations require immediate action, in which case the Terminating Party shall be entitled to immediately terminate this Master ICO Agreement or the provision of an entire Mandated Service under the relevant Service Schedule.

- 10.5 If the Authority issues an order or direction granting in whole or in part the request under Clause 10.4, the Terminating Party shall be entitled to immediately terminate the ICO Agreement, or those parts of the ICO Agreement covered by the Authority's order or direction, by giving written notice thereof to the other Party.
- 10.6 If the Nucleus Connect's ICO is or is to be revoked by the Authority, or if Nucleus Connect is exempted by the Authority from its obligation under the Code, the ICO Agreement will automatically and immediately terminate on and from the date of revocation or exemption notified by the Authority.
- 10.7 If the Authority removes a Mandated Service supplied under the ICO Agreement from being required to be supplied under Nucleus Connect's ICO or exempts Nucleus Connect from supplying a Mandated Service, Nucleus Connect may immediately terminate the supply of such Mandated Service and the Service Schedule which relate to such Mandated Service, by giving written notice to the Contracting QP with effect on or after the effective date of such removal or exemption as notified by the Authority.
- 10.8 For the avoidance of doubt, in the event of any of the circumstances identified in this Clause 10 (or the applicable clauses in a Service Schedule) arising and thereby giving either Party a right to terminate this Master ICO Agreement or a particular Service Schedule or to suspend the relevant Mandated Service, the dispute resolution process in Annex 3 (General Dispute Resolution) will not operate to extinguish, override or otherwise hinder the exercise of that right provided that any such suspension and/or termination right (including notice of and/or any reference to any such rights) is not used to unconscionably or unduly influence the outcome of that dispute process. Nothing in this Clause 10 restricts Nucleus Connect from suspending new Orders for Mandated Service(s) which have been suspended pursuant to and in accordance with Clause 9.
- 10.9 A Party is not obliged to suspend a Mandated Service or give a notice of suspension before exercising its right to terminate this Master ICO Agreement or a Service Schedule in force.
- 10.10 Additional rights of termination relating to a specific Mandated Service may be set out in the Service Schedule pertaining thereto.
- 10.11 For the avoidance of doubt, the automatic termination of a Service Schedule pursuant to and in accordance with its terms shall not require the prior written consent of the Authority.

## 11. CONSEQUENCES OF TERMINATION

- 11.1 In the event this Master ICO Agreement is terminated:
  - (a) all Mandated Services provided to and all rights conferred on the Contracting QP under the ICO Agreement shall immediately terminate, upon which the Contracting QP shall cease to access and use such Mandated Services;

(b) all sums due, accrued or payable to each Party under the ICO Agreement or with respect to the Mandated Services up to the date of termination and all sums due or payable to each Party shall upon termination become immediately due and payable to that Party, including any Early Termination Charges and/or disconnection costs for any Mandated Service that is terminated as a result of such termination as follows:

(i) where a Mandated Service is terminated within its Minimum Term, the Contracting QP will pay an Early Termination Charge of a sum equivalent to the prevailing Charges payable for such Mandated Service as at the date of termination for the remaining period of the Minimum Term; and

(ii) the amount of disconnection charges payable by the Contracting QP will be computed based on the extent of recovery or disconnection works that are required to be carried out pursuant to Clause 11.3 (apart from fibre recovery) and on a cost oriented basis (for the purpose of the ICO Agreement and in accordance with the RFP submission, "**cost oriented basis**" shall mean a thirty (30) percent mark-up on Nucleus Connect staff related costs and a ten (10) percent mark-up on all other costs),

provided that the Contracting QP shall not be liable for:

(iii) the costs of the removal of Patching Services and reinstatement of site, where such termination is due to Nucleus Connect's fault; and

(iv) Early Termination Charges referred to in sub-Clause (i) above, unless such termination is due to the Contracting QP's fault; and

(c) each Party shall, without undue delay, disconnect, remove and/or dispose, at its own cost, all of the equipment, facilities, plant and other property used by such Party under the ICO Agreement which are located on the other Party's premises.

11.2 In the event any Service Schedule in force is terminated, the provisions of this Clause 11 shall apply (to the extent applicable) with respect to the Mandated Service which is the subject of such Service Schedule. Additional consequences of terminating a particular Mandated Service may be set out in the Service Schedule pertaining thereto.

11.3 If the Contracting QP does not, within thirty (30) days after the date of termination of this Master ICO Agreement or a Service Schedule in force, disconnect, remove and/or dispose its equipment, facilities, plant and other property from Nucleus Connect's premises pursuant to and in accordance with Clause 11.1(c), Nucleus Connect may (but shall not be obliged to) do so and shall be entitled to charge the Contracting QP for Nucleus Connect's reasonable costs for such disconnection, removal and/or disposal.

11.4 The expiry or termination of the ICO Agreement or any part thereof shall not operate as a waiver of any breach by either Party of any of the provisions of the ICO Agreement or any part thereof, and shall be without prejudice to any rights, liabilities or obligations of either Party which have accrued up to the date of such expiry or termination and any further rights, reliefs or remedies available to either Party caused by such termination, including Nucleus Connect's right to Early Termination Charges.

11.5 The Contracting QP shall observe such procedures as may be prescribed by Nucleus Connect from time to time when disconnecting or recovering any of the Contracting QP's equipment, facilities, plant and other property from Nucleus Connect's premises.

11.6 Notwithstanding the termination or expiry of the ICO Agreement or any part thereof, Clauses 4, 13, 14, 15, 16.7, 16.8, 17 and 29 inclusive shall continue in full force and effect until it expires in accordance with their respective terms (if applicable).

11.7 The Parties will notify the Authority of any mutually agreed termination within seven (7) days of such termination of the ICO Agreement.

## 12. **FORCE MAJEURE**

12.1 Neither Party shall be liable for any breach of the ICO Agreement (other than a breach by non-payment) caused by an act of God, insurrection or civil disorder, war or military operations, national emergency, acts or omissions of government, fire, flood, lightning, explosion, pandemic outbreak, subsidence, industrial dispute of any kind (whether or not involving that Party's employees), acts or omissions of persons or bodies for whom that Party affected thereby is not responsible ("**Force Majeure**"), provided always that (a) the Party affected by Force Majeure shall use commercial endeavours to mitigate the effects of such Force Majeure and (b) such Force Majeure shall not have been attributable to any default of the affected Party. For the avoidance of doubt, any failure or delay by the affected Party's suppliers and/or contractors shall not constitute Force Majeure under this Clause 12.1, unless the Authority determines that such suppliers and/or contractors are parties for whom the affected Party is responsible.

12.2 The Party affected by Force Majeure shall promptly notify the other Party of the estimated extent and duration of any inability to perform its obligations under the ICO Agreement ("**Force Majeure Notification**").

12.3 Upon the cessation of the delay or failure resulting from Force Majeure, the Party affected by Force Majeure shall promptly notify the other Party of such cessation.

12.4 If, as a result of Force Majeure, the performance by either Party of its obligations under the ICO Agreement is only partially affected, such Party shall, subject to the provisions of Clause 12.6, nevertheless remain liable for the performance of those obligations not affected by Force Majeure.

12.5 To the extent that the Party affected by Force Majeure is not able to provide all or part of the Mandated Services to be provided by it under the ICO Agreement, the other Party shall be released to such extent from its obligations to make payment in respect of those Mandated Services.

12.6 In the case of either Party making a Force Majeure Notification then:

(a) if the Force Majeure lasts for a continuous period of sixty (60) days or less from the date of the Force Majeure Notification (whether or not notice of cessation has been given pursuant to Clause 12.3), any obligation outstanding shall be fulfilled by the Party affected by the Force Majeure as soon as reasonably possible after the Force Majeure has ended, save to the extent that such fulfilment is no longer possible or is not required by the other Party; and

(b) if the Force Majeure lasts for more than a continuous period of sixty (60) days from the date of the Force Majeure Notification, notice of cessation has not been given pursuant to Clause 12.3 and such Force Majeure continues to prevent the affected Party from performing its obligations in whole or in material part, the other Party shall be entitled (but not be obliged) to terminate the ICO Agreement by giving not less than thirty (30) days' written notice to the Party affected by the Force Majeure after expiry of the said sixty (60) days period. In the event that notice of cessation of the Force Majeure

pursuant to Clause 12.3 is received by the other Party prior to the expiry of the thirty (30) days' notice the ICO Agreement may not be terminated under this Clause 12.6(b).

12.7 If the ICO Agreement is not terminated in accordance with the provisions of Clause 12.6 then any obligations outstanding shall be fulfilled by the Party affected by the Force Majeure as soon as reasonably practicable after the Force Majeure has ended, save to the extent that such fulfilment is no longer possible or is not required by the other Party.

**13. EXCLUSIONS AND LIMITATION OF LIABILITY**

13.1 To the extent that a Service Schedule contains remedies in relation to the provision of the applicable Mandated Service (including any service level guarantees), such remedies shall be the sole and exclusive liability of Nucleus Connect to the Contracting QP in connection therewith, and shall be the sole and exclusive remedies of the Contracting QP against Nucleus Connect in connection therewith.

13.2 The Contracting QP shall not be entitled to recover from Nucleus Connect hereunder more than once in respect of the same damage suffered. For example, Nucleus Connect shall not be liable in respect of a claim for its failure to meet the applicable service levels in respect of a Mandated Service, if and to the extent that the Contracting QP has submitted a claim for faults in Nucleus Connect's Network or equipment which has been satisfied in accordance with the relevant Service Schedule, nor shall Nucleus Connect be liable in respect of a claim for faults in Nucleus Connect's Network or equipment, if and to the extent that the Contracting QP has submitted a claim for Nucleus Connect's failure to meet the applicable service levels in respect of a Mandated Service which has been satisfied in accordance with the relevant Service Schedule.

13.3 Neither Party nor its officers, employees, contractors and agents or anyone else to whom such Party or such parties are responsible, shall be liable for any indirect or consequential loss or damage of any kind (including any loss of profits, revenue, business and anticipated savings), in each case howsoever arising, whether such loss or damage was foreseeable or in the contemplation of the aforesaid parties and whether arising in or for breach of contract, tort (including negligence), breach of statutory duty, indemnity or otherwise.

13.4 Without prejudice to the foregoing but subject to Clause 13.5, in no event will either Party's liability under the Master ICO Agreement for damages, losses, costs or expenses suffered or incurred by the other Party (or anyone else) or claimed by the other Party (or anyone else through the other Party) whether in contract, tort, negligence, misrepresentation, strict liability or statute or otherwise, exceed the total Charges paid or payable by the Contracting QP for the affected service in the twelve (12)-month period prior to the event giving rise to such liability, provided that in the case where such liability relates to Intellectual Property, the applicable limit shall be three (3) times the total Charges paid or payable by the Contracting QP for the affected service in the twelve (12)-month period prior to the event giving rise to such liability.

13.5 Nothing in the ICO Agreement shall exclude or cap a Party's liability for:

- (a) death of, or personal injury to, any person arising out of, in connection with, or by reason of the performance of its obligations under, the ICO Agreement;
- (b) its gross negligence; and
- (c) its wilful default of the terms of the ICO Agreement.

- 13.6 Each provision of this Clause 13 is a separate limitation applying and surviving even if one or more such provisions is inapplicable or held unreasonable in any circumstances.

14. **INTELLECTUAL PROPERTY RIGHTS**

- 14.1 Except as otherwise expressly provided in the ICO Agreement, all trademarks, inventions, patents, copyrights, designs, design rights, trading names (whether or not registered) and all other intellectual property rights ("**Intellectual Property**") shall remain in the ownership of the person creating or owning the same and nothing in the ICO Agreement shall confer or be deemed to confer on either Party any rights or licences in the Intellectual Property of the other Party or of any third party.
- 14.2 Without prejudice to Clause 14.1, neither Party shall be entitled to use any trademarks or service marks (whether registered or not) of the other Party in any document or other medium, without the prior written consent of the other Party.
- 14.3 The Parties will negotiate arrangements (including in respect of title) concerning Intellectual Property jointly developed in the course of performing the ICO Agreement or otherwise in connection with the ICO Agreement.
- 14.4 The Contracting QP shall be responsible and liable for obtaining and maintaining in its name and at its expense all Intellectual Property required for the provision of any Mandated Service by Nucleus Connect to it or the installation or the use of any equipment in conjunction therewith for the entire duration during which the Mandated Services are provided or made available to it.
- 14.5 Nucleus Connect shall be responsible and liable for obtaining and maintaining in its name and at its expense all Intellectual Property required for the provision of any Mandated Service to the Contracting QP or the installation or the use of any equipment in conjunction therewith for the entire duration during which the Mandated Services are provided or made available to the Contracting QP.
- 14.6 Each Party (referred to in this Clause 14.6 as the "**Indemnifying Party**") agrees, subject to Clause 13, to indemnify, and keep indemnified the other Party against all liability or loss arising directly or indirectly from, and all reasonable costs, charges and expenses incurred in connection with any claim, action, suit or demand alleging infringement by the other Party of the rights of a third party arising from use by the other Party of Intellectual Property disclosed or licensed by the Indemnifying Party under the ICO Agreement. This indemnification shall represent the only remedy and form of compensation available to the other Party in relation to Intellectual Property licensed or disclosed by the Indemnifying Party under the ICO Agreement.

15. **INSURANCE**

- 15.1 In the case where the Contracting QP is a Facilities-Based Operator or Broadcasting Licensee, without limiting either Party's obligations under the ICO Agreement unless otherwise agreed by Nucleus Connect, the Contracting QP shall have in force and maintain for the duration of the ICO Agreement a broad form public liability insurance policy to the value of \$10 million with an insurance company licensed in Singapore.
- 15.2 On Nucleus Connect's request, the Contracting QP will immediately produce evidence that it has complied with and continues to comply with its obligations under this Clause 15.

16. **INSURANCE CREDIT MANAGEMENT AND SECURITY REQUIREMENTS**

- 16.1 The Contracting QP must provide to Nucleus Connect, at its sole cost and expense, and maintain for the term of the ICO Agreement, the security requirements under this Clause 16 (the "**Security Requirement**"). On Nucleus Connect's request, the Contracting QP will immediately produce evidence that it has complied with and continues to comply with its obligations hereunder.
- 16.2 Nucleus Connect may from time to time request information from the Contracting QP to review and determine the Security Requirement of the Contracting QP. The Contracting QP must provide such information to Nucleus Connect within fourteen (14) days of receipt of a request from Nucleus Connect for such information.
- 16.3 The initial amount of the Security Requirement shall depend on the Contracting QP's estimated initial Monthly Recurring Charge:
- (a) If the Contracting QP has a Monthly Recurring Charge of \$5,000 or less, the Security Requirement shall be \$10,000; and
  - (b) If the Contracting QP has a Monthly Recurring Charge of more than \$5,000, the Security Requirement shall be \$30,000.
- 16.4 The amount of the Security Requirement shall be revised six (6) months after the Effective Date, and every six (6) months thereafter, and if necessary, the Contracting QP shall provide an amended Security Requirement of either \$10,000 or \$30,000, depending on the Contracting QP's Monthly Recurring Charge at the point of revision, in accordance with Clauses 16.3(a) and (b) above. Notwithstanding the above, Nucleus Connect may at any time revise the amount of the Security Requirement, provided that the revised amount shall be either \$10,000 or \$30,000 depending on the Contracting QP's Monthly Recurring Charge at the time of revision.
- 16.5 The Contracting QP must provide the banker's guarantee or security deposit (or amended banker's guarantee or security deposit) to Nucleus Connect within thirty (30) days of receipt of Nucleus Connect's written request. Nucleus Connect may, at its absolute discretion, treat a failure by the Contracting QP to provide a banker's guarantee or security deposit in accordance with this Clause 16 as a material breach of the ICO Agreement.
- 16.6 The Contracting QP shall not require Nucleus Connect to use a banker's guarantee or security deposit it has provided to Nucleus Connect towards payment of the Charges. For the avoidance of doubt, the provision of a banker's guarantee or security deposit does not relieve the Contracting QP from its obligations to pay the Charges to Nucleus Connect as they become due and payable, nor does it constitute a waiver of Nucleus Connect's right to suspend, disconnect, or terminate the Mandated Services in accordance with the terms of the ICO Agreement.
- 16.7 Nucleus Connect may on reasonable notice in writing to the Contracting QP call on the banker's guarantee or use the security deposit (or part of it) to settle any amount due or payable to Nucleus Connect by the Contracting QP under the ICO Agreement.
- 16.8 Where the ICO Agreement has expired or is terminated in accordance with the terms herein, Nucleus Connect shall return the Security Requirement to the Contracting QP within:
- (a) seven (7) days of the termination of the ICO Agreement; or
  - (b) payment by the Contracting QP of all outstanding amounts under the ICO Agreement,
- whichever is later.

17. **CONFIDENTIALITY**

17.1 Notwithstanding any provision in the ICO Agreement, the Parties shall not reveal, make known or divulge to any third party in any manner howsoever the contents of those aspects of the ICO Agreement (in full or in part) which the Authority has withheld from publication.

17.2 Except as otherwise provided in the ICO Agreement, a Party that receives Confidential Information (the "**Receiving Party**") shall keep confidential all Confidential Information of the other Party (the "**Disclosing Party**") which:

- (a) is disclosed, communicated or delivered to the Receiving Party pursuant to the ICO Agreement; or

- (e) marketing information, brochures, printed matter, rates and rate tables; and
- (f) details of the Disclosing Party's Network.

17.4 The Receiving Party shall not use or copy the Confidential Information of the Disclosing Party except in connection with and for the purposes of the ICO Agreement or for such other purposes related to the provision of Mandated Services under the ICO Agreement.

17.5 In the event of the Receiving Party visiting any of the facilities of the Disclosing Party, the Receiving Party undertakes that any further Confidential Information which may come to its knowledge as a result of any such visit and any Confidential Information relating to plant and equipment which may be seen at such facilities, the methods of operation thereof and the various applications thereof shall be kept strictly confidential and that any such Confidential Information will not be divulged to any third party and will not be made use of in any way (whether for its benefit or that of any third party) except in connection with and for the purposes of the ICO Agreement or for such other purposes related to the provision of Mandated Services under the ICO Agreement.

- 17.6 Except as otherwise provided in the ICO Agreement, the Receiving Party shall not disclose or communicate, cause to be disclosed or communicated or otherwise make available Confidential Information to any third party other than:

  - (b) the Receiving Party's professional adviser only to the extent necessary for that adviser to provide advice or protect the rights of the Receiving Party under the ICO Agreement; and
  - (c) the Receiving Party's appointed financial adviser or appointed banker only to the extent necessary for the financial adviser or appointed banker to provide financial advice and/or financial services to the Receiving Party
- (each an “**Authorised Person**”, and collectively, the “**Authorised Persons**”), provided that prior to a disclosure, the Receiving Party must inform the Authorised Person(s) that he is obligated to protect the Disclosing Party's Confidential Information in a manner consistent with this Clause 17 and shall take reasonable steps to ensure that the Authorised Person(s) safeguards the Confidential Information. In any event, the Receiving Party shall remain liable for any disclosure of the Disclosing Party's Confidential Information by the Authorised Person(s) to any other person.
- 17.7 A Receiving Party may disclose Confidential Information to a Related Corporation to the extent necessary under the ICO Agreement, subject to the Related Corporation undertaking to comply with obligations equivalent to those contained in this Clause 17. In any event, the Receiving Party shall remain liable for any disclosure of the Disclosing Party's Confidential Information by such Related Corporation to any other person.
- 17.8 Save as provided under the ICO Agreement, no news releases, public announcements or any other form of publicity concerning the ICO Agreement or the terms of the ICO Agreement shall be conducted or released by the Receiving Party without the prior written consent of the Disclosing Party.
- 17.9 The Receiving Party's obligations hereunder shall not apply to Confidential Information if the same:
- (a) is in or enters the public domain, other than by breach by the Receiving Party or any of its Authorised Persons of the ICO Agreement;
  - (b) is known to the Receiving Party on a non-confidential basis prior to disclosure under the ICO Agreement, at the time of first receipt, or thereafter becomes known to the Receiving Party or any of its Authorised Persons without similar restrictions from a source other than the Disclosing Party, as evidenced by written records; or
  - (c) is or has been developed independently by the Receiving Party without reference or reliance on the Disclosing Party's Confidential Information.
- 17.10 Except as permitted under the ICO Agreement, a Receiving Party may not disclose the Confidential Information of the Disclosing Party except to the extent required and in the following circumstances:
- (a) the disclosure is authorised in writing by the Disclosing Party to the extent of that authority;

- (b) the disclosure is made pursuant to a directive issued by the Authority or any judicial, statutory or Governmental Agency;
  - (c) the disclosure is made to the Authority:

  - (f) the disclosure is made pursuant to any applicable laws, rules, regulations or directions of a statutory or regulatory authority or stock exchange or order of a relevant court of law; or
  - (g) the disclosure is made to any court of competent jurisdiction.
- 17.11 The Receiving Party shall inform the Disclosing Party of any disclosures to third parties by the Receiving Party under Clause 17.10 prior to any such disclosure, to provide the Disclosing Party with the opportunity to mitigate or prevent such disclosure.
- 17.12 A Receiving Party shall exercise no lesser security or degree of care than that Party applies to its own Confidential Information of an equivalent nature, but in any event not less than the degree of care which a reasonable person with knowledge of the confidential nature of the information would exercise.
- 17.13 Confidential Information provided by one Party to the other Party is provided for the benefit of that Party only and shall be used solely for the purposes for which it is disclosed.
- 17.14 Each Party hereby irrevocably covenants to keep the other Party fully and effectively indemnified against all actions, claims, costs, damages, deficiencies, demands, expenses, liabilities and losses (including all legal costs incurred on a full indemnity basis) that may be suffered, incurred or sustained by the other Party in consequence of or in connection with any breach of this Clause 17 by the first-mentioned Party.
- 17.15 Each Party acknowledges that a breach of this Clause 17 by one Party may cause the other Party irreparable damage for which monetary damages would not be an adequate remedy. Accordingly, in addition to other remedies that may be available, a Party may seek injunctive relief against such a breach or threatened breach.
- 17.16 All written Confidential Information or any part thereof (including, without limitation, information incorporated in computer software or held in electronic storage media) together with any analyses, compilations, studies, reports or other documents or materials prepared by the Receiving Party or on its behalf which reflect or are prepared from any of the Confidential Information provided by the Disclosing Party shall be returned to the Disclosing Party or destroyed by the Receiving Party, when requested by the Disclosing Party at any time, or when the Receiving Party's need for

such information has ended or when the ICO Agreement expires or is terminated, whichever is earlier. In the event of destruction, the Receiving Party shall certify in writing to the Disclosing Party within thirty (30) days that such destruction has been accomplished. The Receiving Party shall make no further use of such Confidential Information nor retain such Confidential Information in any form whatsoever.

- 17.17 The Parties acknowledge that the provisions of this Clause 17 shall continue in full force and effect regardless of variations, assignments or termination of other provisions of the ICO Agreement. The obligation to maintain confidentiality of the Confidential Information provided hereof and the undertakings and obligations in this Clause 17 shall continue for two (2) years upon the expiry or termination of the ICO Agreement.
- 17.18 The ICO Agreement contains the entire understanding between the Parties with respect to the safeguarding of the Confidential Information and supersedes all prior communications and understandings with respect thereto.

**18. CUSTOMER BILLING RELATIONSHIP**

- 18.1 The Parties shall implement all matters agreed to in respect of billing relationship and billing procedures as set out in Annex 2 (Billing, Payment and Related Disputes) on such terms and conditions as shall be consistent with the Authority's applicable principles and guidelines.
- 18.2 For the avoidance of doubt, the Contracting QP acknowledges that it will be solely responsible for billing its own Customers for the services it provides to them.
- 18.3 Where the Contracting QP receives Mandated Services under the ICO Agreement, the Contracting QP acknowledges and agrees that notwithstanding any failure by any of its Customers to pay in respect of a Mandated Service, the Contracting QP is liable to Nucleus Connect in respect of the relevant Charges for Mandated Services supplied under the ICO Agreement.

**19. REPRESENTATIONS AND COMMUNICATIONS TO THIRD PARTIES**

- 19.1 Where the Contracting QP communicates with its Customers, such communications must not falsely attribute to Nucleus Connect:
- (a) blame for a fault or circumstance;
  - (b) the need for network maintenance or upgrade; or
  - (c) the interruption or suspension of a service,
- provided that this requirement does not permit the Contracting QP to engage in unethical, misleading or deceptive conduct.
- 19.2 Neither Party nor its representatives and agents may represent expressly, impliedly, or by omission or implication that:
- (a) it is approved by, an agent of, or affiliated with the other Party;
  - (b) in the case of the Contracting QP, that it is Nucleus Connect, for example, by claiming it is "from Nucleus Connect" or, in the case of Nucleus Connect, that it is the Contracting QP;
  - (c) it has a special relationship with the other Party or special pricing from the other Party; or

(d) the services provided by it to its Customers are the other Party's services.

20. **ASSIGNMENT**

20.1 The ICO Agreement shall be binding upon and enure to the benefit of each of the Parties and its successors and permitted assigns.

20.2 Subject to Clause 20.3, either Party may assign or transfer any or all of its rights and/or obligations under the ICO Agreement, subject to the prior written consent of the other Party (such consent not to be unreasonably withheld or delayed), provided that such assignee has an FBO or SBO Licence granted to it under the Act or is a Broadcasting Licensee, and provided further that the assigning or transferor Party will continue to remain fully responsible for the performance of all obligations owed to the other Party under the ICO Agreement.

20.3 The assigning or transferor Party shall give notice to the other Party of any assignment or transfer to be made seeking the other Party's consent as soon as practicable. The other Party may require the assigning or transferor Party to provide reasonable assurance that the assigning or transferor Party will remain fully responsible for the performance of all obligations owed to the other Party under the ICO Agreement.

21. **REVIEW AND AMENDMENTS**

21.1 Except as otherwise expressly stated, the ICO Agreement cannot be varied unless the variation is in accordance with this Clause 21.

21.2 A Party may vary its information set out in the relevant Annex 4 (Nucleus Connect Details) or Annex 5 (Contracting QP Details) in its sole discretion on five (5) Business Days' written notice to the other Party, and without the other Party's consent.

21.3 Nucleus Connect may review the ICO Agreement from time to time and, subject to the Authority's written approval, make such amendments to the ICO Agreement as it may consider necessary or desirable (including, without limitation, introducing a new Service Schedule). For the avoidance of doubt, no amendment to the ICO Agreement may be effective prior to the Authority's approval thereon.

21.4 The Contracting QP acknowledges and agrees that the Authority may from time to time review the ICO Agreement and direct Nucleus Connect to make amendments thereto, pursuant to and in accordance with the Code or the OpCo FBO Licence.

21.5 The ICO Agreement will be automatically amended in accordance with any amendments approved or required by the Authority from time to time, and the Parties will accept and abide by such amendments.

21.6 Nucleus Connect will notify the Contracting QP in writing of any amendments to the ICO Agreement made in accordance with Clauses 21.3 to 21.5.

22. **THIRD PARTIES**

A person who is not a Party to the ICO Agreement has no right under the Contract (Rights of Third Parties) Act (Cap. 53B) to enforce any term of the ICO Agreement.

23. **ENTIRE AGREEMENT**

23.1 The ICO Agreement contains the whole agreement between the Parties and replaces all previous written or oral agreements relating to the Mandated Services supplied under the ICO Agreement.

23.2 Each of the Parties acknowledges and agrees that in entering into the ICO Agreement it does not rely on, and will have no remedy in respect of, any statement, representation (other than any fraudulent misrepresentation), warranty or understanding (whether negligently or innocently made) of any person (whether party to the ICO Agreement or not) other than as set out in the ICO Agreement.

24. **GOOD FAITH AND NON-EXCLUSIVITY**

24.1 Each Party agrees that it will act in good faith in relation to the other Party with respect to all matters relating to or contemplated by the ICO Agreement.

24.2 The Parties acknowledge that nothing in the ICO Agreement shall prevent, limit or restrict in any way whatsoever either Party from supplying any Mandated Service to any person by means of such Party's Network.

24.3 Neither Party shall be prohibited in any way whatsoever from entering into an agreement with another person for similar Mandated Services.

25. **NOTICES**

25.1 Notices given under the ICO Agreement must be in writing and may be delivered by hand, facsimile, e-mail or pre-paid registered post to the following:
