

## **Draft Technical Specification For Dedicated Short-Range Communications in Intelligent Transportation Systems**

### **StarHub Mobile Pte Ltd's Comments**

#### Question 8

IDA seeks views and comments on the proposed “Technical Specification of Dedicated Short-Range Communications (DSRC) standards for Intelligent Transport Systems (ITS)”.

StarHub has generally no comments on the specifications, but we would urge the Authority to ensure that these specifications are aligned with international standards. such alignment will facilitate the deployment of ITS in Singapore.
