4. The Licensee shall obtain the Authority's written approval prior to receiving, displaying and viewing channel(s) / programme(s) or making changes to channel(s) / programme(s) received, displayed and viewed from the Satellite Broadcasting Service.
5. The Licensee shall ensure the TVRO System is not used to receive any programme, which in the opinion of the Authority, offends against good taste and decency, or is likely to encourage or incite to crime or to lead to disorder, racial or religious disharmony or to be offensive to public feeling or is likely to be offensive to any person or group of persons or is subversive or seditious in nature or against national security or interest, public interest or order or national harmony or interferes with domestic politics.
6. The Licensee shall be solely responsible and liable for all consequences however arising from its installation and operation of the TVRO System.
7. The Licensee shall in the installation and operation of the TVRO System, observe the provisions of the International Telecommunication Convention and any bilateral or multilateral telecommunication agreements in force and the regulations pertaining to the operation of TVRO systems that are made under to the said Convention and agreements.
8. The Licensee shall in installing and operating the TVRO System, ensure that no person (other than the Licensee, another TVRO licensee or their employees) can receive any broadcasting service received by the TVRO System.
9. The Licensee shall indemnify the Authority for any loss, damage or expense arising from unauthorised reception by the Licensee of satellite transmissions.
10. Nothing in this Licence shall be construed as granting any exemption to the Licensee from obtaining such permits, licences or other authorisation as may be required under any other written law for the lawful installation and operation of the TVRO System.
11. The Licensee shall not operate the TVRO System for the purpose of telecommunications or the transmission of any broadcasting service.

12. The Licensee shall not operate the TVRO System in any manner which causes or is likely to cause interference or disturbance to the efficient or convenient operation or maintenance of any telephone, telegraph, power line, or any other broadcasting apparatus licensed by the Authority.
13. The Licensee shall not intercept any signal, sign, writing, image, sound or intelligence of any nature transmitted which is not intended for reception by the general public.
14. The Licensee shall, prior to making any changes to the TVRO System, furnish the following to the Authority for approval: -
 - diagram(s) showing the location of the TVRO System and the cable distribution system connecting the TVRO System to every TV receiver,
 - particulars of the type and model of the apparatus constituting the TVRO System, and
 - location of every TV receiver connected to the TVRO System.
15. The Licensee shall not in any way modify or alter the TVRO System or change the location of the TVRO System without the prior written approval of the Authority.
16. The Licensee shall inform the Authority in writing of any changes to the number or location of TV receivers, whether or not in the Licensee's possession, which are connected to the TVRO System.
17. The Licensee shall permit the Authority and its agents or employees or any other person authorised by the Authority at all times to enter, inspect and view the Premises and the TVRO System.
18. The Licensee shall provide such information concerning its operation of the TVRO System as the Authority may from time to time require, including the daily hours of operation of the TVRO System.
19. The Licensee shall immediately cease to operate the TVRO System if so directed by the Authority.
20. The Licensee shall not sell, offer for sale or otherwise dispose of the TVRO System or any part thereof without the prior written approval of the Authority.
21. The Licensee shall not transfer, assign or otherwise dispose of the benefit of the Licence.
22. The Licensee is permitted to operate the TVRO System under the following frequencies reflected under Annex A for the direct reception of the Satellite Broadcasting Service (hereinafter referred to as the "**Reception Frequencies**"). The Licensee is not permitted to operate the TVRO System under any frequencies other than the Reception Frequencies.

23. The Licensee is only permitted to operate the TVRO System under the Reception Frequencies in connection with the direct reception of the Satellite Broadcasting Service, in accordance with and subject to all the conditions of this Licence. For the avoidance of doubt:

- (a) Nothing in the Licence shall be construed as an allocation of radio frequencies;
- (b) The Authority does not guarantee that the Reception Frequencies will be free from interference, and there shall be no recourse against the Authority if the Licensee experiences any interference when operating the TVRO System; and
- (c) The Authority may, at any time, require the Licensee to cease the use of the Reception Frequencies or to use a different set of frequencies in connection with this Licence, without compensating the Licensee.
