This RIO is in two parts – the first outlines the procedures necessary to accept the RIO and enter into a RIO Agreement with SingTel; the second includes the minimum terms and conditions on which SingTel will enter into such an agreement with telecommunications Licensees, the detailed terms and conditions being contained in the relevant schedules.

PART 1 – ACCEPTANCE PROCEDURES

1. CLARIFICATION ON RIO TERMS AND CONDITIONS

- 1.1** Before submitting a Notification of Acceptance of RIO under clause 2.1, a Facilities Based Operator (FBO) or Services Based Operator (SBO) which uses switching or routing equipment to provide telecommunication services to the public may request a clarification regarding the RIO by submitting a request to SingTel at g-nii123@singtel.com.
- 1.2** SingTel shall provide its response within three (3) Business Days from the date of receipt of the request for clarification under clause 1.1.

2. NOTIFICATION OF ACCEPTANCE OF RIO

- 2.1** If an FBO or SBO seeks to interconnect with SingTel on the prices, terms and conditions contained in this RIO for the Interconnection Related Services (IRS) and/or Wholesale Services contained in this RIO Agreement, that FBO or SBO must submit a written acceptance (**Notification of Acceptance of RIO**) to SingTel (and the Authority) in the form provided at Attachment A – **Notification of Acceptance of RIO**.
- 2.2** An FBO or SBO which uses switching or routing equipment to provide telecommunication services to the public and which submits such a Notification of Acceptance of RIO shall be known as the **Requesting Licensee**. The Requesting Licensee, by submitting the Notification of Acceptance of RIO, will become bound by the provisions of this Part 1 of this RIO, including the representations and warranties contained in clause 4.
- 2.3** The Requesting Licensee shall submit the Notification of Acceptance of RIO in writing to:

Singapore Telecommunications Limited
10 Eunos Road 8
#07-31 Singapore Post Centre
Singapore 408 600

Email: g-nii123@singtel.com

Attn: Director (Interconnect)

- 2.4** For enquiries in relation to the status of SingTel's assessment of the Notification of Acceptance of RIO, the Requesting Licensee may contact SingTel at:

Email: g-nii123@singtel.com

- 2.5** The Requesting Licensee's Notification of Acceptance of RIO must contain:
- (a) the IRS and/or Wholesale Services it wishes to be supplied with;
 - (b) where the Requesting Licensee wishes to establish an Interconnection with the SingTel Network, the forms of Interconnection requested (as specified in Schedule 1 of this RIO);
 - (c) the type of telecommunications system licence held by and the type of telecommunications services licensed for provision by the Requesting Licensee;
 - (d) a designated contact person;
 - (e) if the Requesting Licensee is requesting for service under this RIO Agreement for the first time and the paid up capital of the Requesting Licensee is less than S\$1,000,000, either a banker's guarantee or security deposit (at the Requesting Licensee's option) for the amount of S\$20,000; and
 - (f) such other information as specified in Attachment A – Notification of Acceptance of RIO.
- 2.6** Unless otherwise agreed or, if and until SingTel finds the Notification of Acceptance of RIO to be non-conforming under clause 3.1, and subject to clause 3, SingTel and the Requesting Licensee will, following execution by the Requesting Licensee of the RIO Agreement, use their reasonable endeavours to commence discussions in relation to the implementation of the accepted prices, terms and conditions of the RIO Agreement within seven (7) Calendar Days of the receipt of the Notification of Acceptance of RIO, and to complete such discussions within thirty (30) Calendar Days of the receipt of the Notification of Acceptance of RIO.
- 2.7** For the purposes of this RIO, an agreement entered into on the same terms and conditions to those in Part 2 of this RIO shall be referred to as a **RIO Agreement**.
- 2.8** In addition to the dispute resolution procedures provided for in clause 35 of the RIO Agreement, both the Requesting Licensee and SingTel may jointly request the Authority to provide assistance in resolving disputes regarding the acceptance of a RIO Agreement.

- 2.9** If the Requesting Licensee requests services outside the scope of the RIO, the terms and conditions of the provision of such services shall remain outside the scope of this RIO.

CLAUSE 2.10 – MODIFICATION REQUIRED

- 2.10** SingTel shall cease offering new SS7-based Interconnection arrangements from 28 February 2027. Requesting Licensee may only request to establish IP-based Interconnection with SingTel from 1 March 2027.

IMDA Directed Modifications: Given that Singtel is in the midst of migrating its network to IP-based, the proposed dates of 28 February 2027 and 1 March 2027 in clause 2.10 may not be firm dates. As such, Singtel is required to propose modifications to clause 2.10 herein to make clear the said dates may be subject to variation as approved by IMDA.

3. ASSESSMENT OF NOTIFICATION OF ACCEPTANCE OF RIO

- 3.1** SingTel may find a Notification of Acceptance of RIO to be non-conforming if:
- (a) the Requesting Licensee is neither an FBO nor an SBO using switching or routing equipment to provide telecommunications services to the public; or
 - (b) the services requested are not IRS or Wholesale Services as defined by SingTel's then current RIO; or
 - (c) the services requested are outside the scope of the services that are required to be supplied to the Requesting Licensee; or
 - (d) the Requesting Licensee has not provided a notification in accordance with the Notification of Acceptance of RIO; or
 - (e) SingTel is already supplying the Services (except where the Service supplied is the IRS Tail Circuit Service), which are the subject of the Notification of Acceptance of RIO, to the Requesting Licensee pursuant to an existing agreement and the Requesting Licensee has not notified SingTel of its intention to terminate the provision of the Services under that existing agreement; or
 - (f) SingTel is or has been granted an exemption by the Authority from the supply of the requested Services to the Requesting Licensee or generally.

- 3.2** SingTel may apply to the Authority for an exemption from providing Services to the Requesting Licensee at any time.
- 3.3** Subject to SingTel obtaining the Authority's prior written approval, the operation of this RIO in respect of the Requesting Licensee's Notification of Acceptance of RIO will be suspended for such time as the exemption process in clause 3.2 takes to operate.
- 3.4** If SingTel finds a Notification of Acceptance of RIO to be non-conforming under this clause 3 it will:
- (a) notify the Requesting Licensee in writing within ten (10) Calendar Days of receipt of the Notification of Acceptance of RIO; and
 - (b) provide reasons for rejection to the Requesting Licensee with the notice in paragraph (a); and
 - (c) not be required to enter into a RIO Agreement pursuant to the Notification of Acceptance of RIO.
- 3.5** If SingTel notifies the Requesting Licensee that the Notification of Acceptance of RIO is conforming, the Requesting Licensee must execute the RIO Agreement as soon as reasonably practicable.

4. REPRESENTATIONS AND WARRANTIES

- 4.1** By submitting a Notification of Acceptance of RIO, the Requesting Licensee represents and warrants that:
- (a) it has power to enter into and observe its obligations under the RIO Agreement; and
 - (b) it has in full force and effect the authorisations necessary to enter into the RIO Agreement, observe obligations under it and allow it to be enforced; and
 - (c) its obligations under the RIO Agreement are valid and binding and are enforceable against it in accordance with its terms; and
 - (d) the information provided by it to SingTel in its Notification of Acceptance of RIO is complete, true and correct, and not misleading; and

- (e) except where clause 4.3 applies, it is not a trustee of any trust or settlement.

4.2 SingTel represents and warrants that:

- (a) it has power to enter into and observe its obligations under the RIO Agreement;
- (b) it has in full force and effect the authorisations necessary to enter into the RIO Agreement, observe obligations under it and allow it to be enforced; and
- (c) its obligations under the RIO Agreement are valid and binding and are enforceable against it in accordance with its terms.

4.3 Where the Requesting Licensee is a trustee of a trust or settlement, it will be a condition precedent to the RIO Agreement coming into force and effect that the Requesting Licensee, the directors of the Requesting Licensee and the beneficiaries of the relevant trust have entered into a deed of covenant and indemnity in a form satisfactory to SingTel to assure SingTel that the Requesting Licensee has the power and authority to enter into the RIO Agreement and has an appropriate right of indemnity out of trust assets in respect of its liability under the RIO Agreement.

4.4 Each Party agrees to indemnify the other Party on demand for any liability, loss, damage, cost or expense (including legal fees on a full indemnity basis) incurred or suffered by the other Party which arises out of or in connection with any breach of any of the representations given in this clause 4.

5. ADDITIONAL SERVICES

5.1 **Additional Services** are IRS or Wholesale Services as defined in the RIO Agreement, but which are not currently being supplied to the Requesting Licensee. If the Requesting Licensee wishes to acquire an Additional Service from SingTel, the acceptance must be in the form provided as Attachment B – Acceptance of Additional Service.

5.2 On receipt of an Acceptance of Additional Service, the procedures in clauses 1 and 3, and the warranties in clause 4 will be deemed to apply in relation to an Acceptance of Additional Service.

6. EFFECT OF VARIATION OF SINGTEL'S RIO

- 6.1** SingTel may amend or withdraw its RIO from time to time with the consent of the Authority.
- 6.2** Any amendments made by SingTel to this RIO will automatically form part of this RIO Agreement.

7. ACCEPTANCE OF RIO PENDING ADOPTION OF INDIVIDUALISED AGREEMENT

- 7.1** A Requesting Licensee that has notified SingTel that it wishes to negotiate an Individualised Agreement may obtain Services on the prices, terms and conditions specified in this RIO on an interim basis pending the adoption of the Individualised Agreement, either as a result of voluntary agreement or the dispute resolution procedure specified in the Code.

5.3 If SingTel incurs additional costs in relation to the provision of IRS or Wholesale Services to the Requesting Licensee which cannot otherwise be recovered by SingTel as a Charge under Schedule 9, SingTel may recover these costs from the Requesting Licensee in accordance with the procedures set out in the relevant Schedule.

If the Requesting Licensee is required under Singapore law or the law of any jurisdiction outside Singapore to deduct or withhold any sum as taxes imposed on or in respect of any amount due or payable to SingTel, the Requesting Licensee shall make such deduction or withholding as required and the amount payable to SingTel shall be increased by any such amount necessary to ensure that SingTel receives a net amount equal to the amount which SingTel would have received in the absence of any such deduction or withholding.
- 6.3** Invoices are due and payable in Singapore Dollars.
- 6.4** All payments must be:
- (a) paid by cheque, banker's draft, cashier's order or electronic transfer directly to the nominated account(s) of the Party to receive the payment;

6.5 The Parties shall comply with Schedule 10 in relation to all aspects of the billing, settlement and dispute of payments under this RIO Agreement.

7. ONGOING INFORMATION REQUIREMENTS

7.1 The obligations of each Party to provide information to the other Party are as set out in this clause 7, or as otherwise agreed in writing between the Parties, and are subject to the requirements of confidentiality imposed by clause 23 of this RIO Agreement.

7.2 Each Party shall provide the other Party on a timely basis with all agreed information reasonably required to determine Charges to be billed by one Party to the other Party.

7.3 Each Party shall also provide to the other Party the information expressly required by this RIO Agreement and such other information which is relevant to IRS or Wholesale Services provided under this RIO Agreement as the other Party may from time to time reasonably require.

7.4 For the avoidance of doubt, nothing in this RIO Agreement requires either Party to provide any information that is proprietary, confidential or commercially sensitive. If information of a confidential nature is disclosed, such information and its use and disclosure will be subject to the terms and conditions of clause 23 of this RIO Agreement.

7.5 A Party shall, subject to clause 15, indemnify the other Party and keep it indemnified against all liabilities, claims, demands, damages, costs and expenses arising as a consequence of any failure by that Party to comply with any reasonable condition relating to the use of any information notified to that Party by the other Party at the time of disclosure.

7.6 Nothing in this RIO Agreement shall oblige either Party to do anything which would cause it to be in breach of any statutory, regulatory or contractual obligation

of confidentiality or any code of practice on the confidentiality of information issued by the Authority or pursuant to their respective Licences.

8. NETWORK PROTECTION AND SAFETY

CLAUSE 8.1(b) – MODIFICATION REQUIRED

8.1 Each Party is responsible for the safe operation of its side of the Network, and shall, so far as is reasonably practicable, take all necessary steps to ensure that its side of the Network, its Network Facilities, its Network operations and implementation of this RIO Agreement:

- (a) do not endanger the safety or health of any person, including the employees and contractors of the other Party; and
- (b) do not cause physical or technical harm to the other Party's Network, including but not limited to causing damage, interfering with or causing deterioration in the operation of the other Party's Network. In the event such a fault occurs, Singtel shall suspend the Interconnection Link with immediate effect. Requesting Licensee must rectify the fault and request for Interconnect Testing with SingTel within ten (10) Calendar Days from the date of its occurrence. Requesting Licensee shall bear all costs incurred including but not limited to the costs that SingTel incurred in Interconnect Testing and identifying and rectifying any damage caused to SingTel's Network. Failing which, SingTel shall be entitled to proceed to terminate the Requesting Licensee's Interconnection with SingTel and this RIO Agreement without any liability to the Requesting Licensee.

IMDA Directed Modifications: As explained in IMDA's Decision, clause 12 and clause 13 of the proposed RIO Main Body would have already laid out the procedures and consequences for suspension and termination under the RIO (which would be applicable for both SS7-based and IP-based interconnection regimes). Thus, IMDA is of the view that it will be duplicative and inappropriate for the proposed clause 8.1(b) to further prescribe a set of different suspension and termination procedures and consequences for the parties arising from physical or technical harm to the network. As such, IMDA rejects the proposed clause 8.1(b) herein and directs Singtel to reinstate the same clause 8.1(b) of Main Body of the RIO for SS7-based interconnection as currently published on IMDA's website.

8.2 Without prejudice to any Service Level Guarantees that apply to the provision of Services under this RIO Agreement, the Parties will manage their Networks to minimise disruption to Services and, in the event of interruption or failure of any Services, will restore those Services as soon as is reasonably practicable. Each

Party shall manage, notify and correct faults arising in its Network which affect the provision of any services by the other Party:

- (a) as it would in the ordinary course for similar faults affecting the provision of services by it; and
- (b) in accordance with the fault notification procedures specified in this RIO Agreement.

8.3 Neither Party shall use or permit the use of any Service, or install, connect, link or use (or permit the installation, connection, linking or use of) any telecommunications equipment in contravention of any law. If either Party considers that the other Party is acting, or is likely to, act in contravention of this clause, then the first-mentioned Party may seek the Authority's approval to take necessary corrective action, unless an imminent threat to life or property arises (or is likely to arise) in which case the first-mentioned Party may take immediate necessary corrective action. On receipt of the Authority's approval (except as otherwise provided in this clause 8.3), the first-mentioned Party may take the necessary corrective action.

8.4 Each Party shall ensure that its Network and operating procedures comply in all respects with this RIO Agreement.

CLAUSE 8.5 – MODIFICATION REQUIRED

8.5 The Requesting Party shall ensure that only calls originating from their local fixed/mobile network and the IMDA's validated international incoming calls are allowed for call termination to the other Party's Network.

IMDA Directed Modifications: Respondents to the public consultation sought clarity on whether the proposed clause 8.5 would prohibit Requesting Licensee from terminating calls from other operators locally connected to the Requesting Licensee's network (such as mobile virtual network operators and local call resellers). In this regard, IMDA directs Singtel to propose modifications to clause 8.5 herein to make clear that operators locally connected to the Requesting Licensee's network or Singtel's network (such as mobile virtual network operators and local call resellers) are allowed for call termination to each other's network.

Respondents also enquired on what the "IMDA's validated international incoming calls" and who the "Requesting Party" in the proposed clause 8.5 refer to, given that these terms are not defined within this RIO Main Body or Schedule 12 Dictionary. In this regard, Singtel is required to propose modifications to clause 8.5 herein to provide clarity on these.

CLAUSE 8.6 – MODIFICATION REQUIRED

- 8.6** The Requesting Party shall segregate local originated Calls and international originated Calls into separate Trunk Groups or separate Interconnection Links for the purpose of call termination to the other Party's Network.

IMDA Directed Modifications: Singtel is required to propose modifications to clause 8.6 herein to provide clarity on who the "Requesting Party" in clause 8.6 refers to, given that this term is not defined within this RIO Main Body or Schedule 12 Dictionary.

9. APPROVED ATTACHMENTS AND CUSTOMER EQUIPMENT

- 9.1** Neither Party shall connect or knowingly permit the connection to its Network of anything that is not approved by the Authority for attachment to its Network.

10. NETWORK ALTERATIONS AND CHANGES

- 10.1** A Party may make Network Changes (other than a change explicitly permitted by this RIO Agreement) at any time provided that it complies with this clause 10.
- 10.2** This clause 10 only applies where a Party proposes to undertake a Network Change (**the Altering Party**), which makes it necessary to change the hardware, software, Interconnection mode or session border controller/network related IP addresses, including interface software, of the other Party's Network in order to maintain the satisfactory interworking of the Altering Party's Network with the Network of the other Party.
- 10.3** The Altering Party shall notify the other Party as soon as is reasonably practicable of a proposed Network Change. The period of notice must be at least six (6) months in accordance with clause 5.7.1 of the Code. Such notice shall, as far as possible, set out details of the nature, effect, technical details and potential impact on the other Party's Network of the proposed Network Change, as well as such other information as the other Party shall reasonably require. This notice period does not apply where the Authority requires implementation of Network Changes, in which case the applicable notice period shall be the notice period specified by the Authority.
- 10.4** The Altering Party shall be solely responsible for the reasonable and direct cost of such changes in the other Party's Network, and shall pay to the other Party such costs.

- 10.5** The Parties agree to fully co-operate and consult with each other on the implementation of Network Changes and to keep each other informed of the steps involved, with a view to minimising, and if possible, eliminating any disruption to the Services supplied under this RIO Agreement. The Parties agree to fully co-operate and consult with each other with a view to accommodating both Parties' reasonable expectations regarding the time commitments and implications of the proposed Network Change.
- 10.6** Each Party has the right to modify, change or substitute underlying technology or the specifications of the Services to improve the functioning or performance of the Services or their respective Networks provided that such modifications do not materially adversely alter the functioning or performance of the Services supplied to the other Party. For the avoidance of doubt, such modifications may include replacement of elements of existing Network infrastructure or systems with alternate technology.
- 10.7** Nothing in this RIO Agreement may be construed to preclude a Party from using, modifying or substituting such of its equipment for other of its equipment as reasonably required to provide any of the Services within the scope of this RIO Agreement.

11. QUALITY OF SERVICE

- 11.1** Each Party shall:
- (a) ensure that the Services it provides to the other Party are of the quality comparable to what it provides to itself and to its affiliates; and
 - (b) maintain and repair faults on Interconnection Links in the same manner and within the same timeframe as it maintains similar plant and repairs similar faults within its Network.
- 11.2** SingTel shall provide the Services to the Requesting Licensee in accordance with any applicable Service Level Guarantees set out in the relevant Schedule.
- 11.3** Without prejudice to any Service Level Guarantees that apply to the provision of Services under this RIO Agreement, neither Party warrants that its Network or Network Facilities are or will be free from faults. Each Party will comply with the fault identification and reporting guidelines set out in this RIO Agreement and issued by the Authority from time to time.

12. SUSPENSION

12.1 Subject to clause 12.2, either Party (**Suspending Party**) may suspend this RIO Agreement or any Schedule of this RIO Agreement by providing notice to the other Party if:

- (a) the other Party's Network adversely affects the normal operation of the Suspending Party's Network, or is a threat to any person's safety; or
- (b) the other Party's Network or the supply of a Service to the other Party under this RIO Agreement may pose an imminent threat to life or the property of the Suspending Party; or
- (c) the other Party's Network causes or is likely to cause physical or technical harm to any telecommunications network, system or services (whether of the Suspending Party or any other person) including but not limited to causing damage, interfering with or causing deterioration in the operation of the Suspending Party's Network; or
- (d) the other Party has committed a service affecting material breach of this RIO Agreement, the Suspending Party has given seven (7) Calendar Days notice of such breach and the other Party has failed to rectify such breach within that time; or
- (e) the other Party has committed a non-service affecting material breach of this RIO Agreement (including but not limited to failure to pay any sum, whether in respect of any one or more Services, for which the other Party has been Invoiced), the Suspending Party has given fourteen (14) Calendar Days notice of such breach (which period may operate concurrently with the period in clause 2.6 of Schedule 10) and the other Party has failed to rectify such breach within that time; or
- (f) if, in the Suspending Party's reasonable opinion, the other Party attempted to use, is likely to use, or has used any Service supplied under this RIO Agreement (whether with or without the authorisation and/or permission of the Suspending Party) in contravention of law and the Suspending Party has the necessary confirmation from the relevant Governmental Agencies that the other Party is in contravention of law; or
- (g) compliance with legal or regulatory obligations requires immediate action; or

- (h) continued operation of this RIO Agreement would be unlawful or would pose an imminent threat to life or property; or
- (i) any material information provided or representation made by either Party to the other Party is untrue, false, misleading or inaccurate and has an adverse material impact on the other Party in relation to its provision of Services under this RIO Agreement; or
- (j) the other Party is unable to pay its debts, becomes insolvent, or has ceased or threatens to cease business, or a petition for winding up or bankruptcy has been filed, a resolution for voluntary winding up has been passed, a receiver and manager or judicial manager has been appointed over the whole or substantial part of its assets or property, or the other Party ceases to carry on business, or any action is taken by any creditor of the other Party to recover, realise or enforce any security over any assets of the other Party or to enforce any judgment against the other Party; or
- (k) where Interconnection has been established, the other Party fails to satisfy, or no longer satisfies, the requirement for Interconnection set out in Schedule 1, in which case suspension shall be limited to Schedule 1 and the Schedules which are dependent on Interconnection.

12.2 A Suspending Party will only suspend this RIO Agreement or any Schedule or any licence granted under a Schedule (where the relevant Schedule provides that this clause 12.2 applies to that licence) to the extent necessary to address the relevant event. Prior to suspending this RIO Agreement or any Schedule or any licence granted under a Schedule (where the relevant Schedule provides that this clause 12.2 applies to that licence) the Suspending Party will notify the Authority and request the Authority's written approval of such suspension. Suspension rights shall not be exercised without the Authority's approval unless imminent threats to life or property or compliance with other legal or regulatory obligations require immediate action, in which case the Suspending Party may immediately suspend the operation of this RIO Agreement or Schedule or licence.

12.3 If the Authority issues an order granting in whole or in part the request under clause 12.2, the Suspending Party may immediately suspend (for such period of time as the Authority approves, or indefinitely if the Authority does not specify a period of time) this RIO Agreement, or Schedule, or licence, or those parts of this RIO Agreement or Schedule or licence covered by the Authority's order by giving written notice to the other Party.

- 12.4** Where any Service has been suspended (whether or not at the request of the Party acquiring the Service), the acquiring Party shall continue to pay those Charges in respect of that Service for the period during which the Service has been suspended and, in the event the Service is reconnected or reinstated, all reconnection or reinstatement Charges set out under Schedule 9.
- 12.5** If this RIO Agreement or a Schedule is suspended under this clause 12 for more than sixty (60) Calendar Days, the Suspending Party may, subject to clause 13.2, terminate this RIO Agreement or Schedule (as the case may be) with immediate effect by giving the other Party written notice.
- 12.6** Where any Service has been suspended due to the failure of the Requesting Licensee to satisfy or comply with the requirements for Interconnection set out in Schedule 1, SingTel will only re-instate the Service following the satisfactory completion of Interconnect Testing in accordance with Schedule 1.

CLAUSE 12.7 – MODIFICATION REQUIRED

- 12.7** Subject to clause 12.2, if, in the Suspending Party's reasonable opinion, the other Party who caused the interference or disruption to SingTel's Network shall be deemed to be in breach of this Interconnection Agreement unless and until it furnishes sufficient evidence to the satisfaction of the Authority demonstrating that no such breach will occur.

IMDA Directed Modifications: Interference or disruption of any network (whether Singtel's network or the Requesting Licensee's network) can be considered as "service affecting material breach" as reference under clause 12.1(d) of this proposed RIO Main Body. For such "service affecting material breach", clause 12, clause 13 and clause 15 of the proposed RIO Main Body would have already laid out the procedures and consequences to handle such breaches under the RIO (which would be applicable for both SS7-based and IP-based interconnection regimes). Thus, IMDA is of the view that it will be duplicative and inappropriate for the proposed clause 12.7 to further prescribe different procedures and consequences for the other Party who has caused such breaches. As such, IMDA rejects the proposed clause 12.7 herein and directs Singtel to remove it accordingly.

CLAUSE 12.8 – MODIFICATION REQUIRED

- 12.8** SingTel reserves the right to suspend the Service, in whole or in part, as may be reasonably necessary in the course of its normal operations to address any event, incident, or issue arising from or related to another Requesting Licensee, provided that such suspension is undertaken in good faith and with due regard to minimising disruption.

IMDA Directed Modifications: As explained in IMDA's Decision, IMDA agrees with the respondents that there should be more clarity on the possible scenarios and circumstances which would result in Singtel unilaterally suspending the Requesting Licensee's RIO services. As such, IMDA directs Singtel to propose modifications to clause 12.8 to make clear the scope and possible scenarios for such unilateral suspension by Singtel.

IMDA also notes that it is unclear whether the proposed clause 12.8 is in compliance with the Code requirement under section 5.6.2 which provides that "any unilateral suspension or termination will only become effective when, and to the extent that, it is approved by IMDA" except where there are "imminent threats to life or property or compliance with other legal or regulatory obligations" which would require immediate action by the suspending or terminating party. As such, IMDA directs Singtel to propose modifications to clause 12.8 herein to make clear the compliance to the Code requirement on unilateral suspension.

13. TERMINATION

CLAUSE 13.1(c) and 13.1(j) – MODIFICATION REQUIRED

- 13.1** Subject to clause 13.2, either Party (**Terminating Party**) may terminate the entire RIO Agreement, or any Schedule of this RIO Agreement by providing notice to the other Party if:
- (a) the Requesting Licensee ceases to be an FBO or SBO that uses switching or routing equipment to supply telecommunication services to the public; or
 - (b) the Requesting Licensee changes from being an FBO to an SBO and is no longer entitled to a particular Service under a Schedule, in which case termination shall be limited to those parts of the RIO Agreement that relate to the Service to which the SBO is no longer entitled; or
 - (c) where Interconnection has been established, the other Party fails to satisfy, or no longer satisfies, the requirement for Interconnection set out in Schedule 1, in which

case termination shall be limited to Schedule 1 and the Schedules which are dependent on Interconnection; or

- (d) the other Party has committed a service affecting material breach of this RIO Agreement, the Terminating Party has given seven (7) Calendar Days notice of such breach and the other Party has failed to rectify such breach within that time; or
- (e) the other Party has committed a non-service affecting material breach of this RIO Agreement (including but not limited to failure to pay any sum, whether in respect of any one or more Service, for which the other Party has been Invoiced), the Terminating Party has given fourteen (14) Calendar Days notice of such breach (which period may operate concurrently with the period in clause 2.6 of Schedule 10) and the other Party has failed to rectify such breach within that time; or
- (f) the other Party is unable to pay its debts, becomes insolvent, or has ceased or threatens to cease business, or a petition for winding up or bankruptcy has been filed, a resolution for voluntary winding up has been passed, a receiver and manager or judicial manager has been appointed over the whole or substantial part of its assets or property, or the other Party ceases to carry on business, or any action is taken by any creditor of the other Party to recover, realise or enforce any security over any assets of the other Party or to enforce any judgment against the other Party; or
- (g) continued operation of this RIO Agreement would be unlawful or would pose an imminent threat to life or property; or
- (h) if, in the Terminating Party's reasonable opinion, the other Party attempted to use, is likely to use, or has used any Service (whether with or without the authorisation and/or permission of the Terminating Party) in contravention of any law and the Terminating Party has the necessary confirmation from the relevant Governmental Agencies that the other Party is in contravention of law; or
- (i) any material information provided or representation made by either Party to the other Party is untrue, misleading or inaccurate and has an adverse material impact on the other Party in relation to its provision of Services under this RIO Agreement.
- (j) Where the Requesting Licensee discontinues all Interconnection Links with the SingTel's Network, SingTel shall be entitled to exercise its right to terminate the

RIO Agreement and/or Schedule 1, 2A, 2B, 2C and 4A with the Requesting Licensee with immediate effect.

***IMDA Directed Modifications:** IMDA notes that the proposed clause 13.1(j) is not in compliance with the Code requirement to seek IMDA's approval prior to unilateral suspension or termination. Section 5.6.2 of the Code provides that "any unilateral suspension or termination will only become effective when, and to the extent that, it is approved by IMDA" except where there are "imminent threats to life or property or compliance with other legal or regulatory obligations" which would require immediate action by the suspending or terminating party.*

In addition, IMDA notes that the discontinuation of all Interconnection Links with an interconnecting network (as proposed under clause 13.1(j)) would also be one of the scenarios as captured under clause 13.1(c) of this proposed RIO Main Body.

Given above, IMDA directs Singtel to remove clause 13.1(j) in entirety and instead, propose modifications to clause 13.1(c) to include the said scenario of discontinuation of all Interconnection Links.

13.2 Prior to terminating this RIO Agreement or any Schedule or any licence granted under a Schedule (where the relevant Schedule provides that this clause 13.2 applies to that licence), in full or to the extent necessary, the Terminating Party will notify the Authority that it proposes to terminate this RIO Agreement or one or more Schedules or licence, and request the Authority's written approval of such termination. Termination rights shall not be exercised without the Authority's approval, unless imminent threats to life or property or compliance with other legal or regulatory obligations require immediate action, in which case the Terminating Party may immediately terminate the operation of this RIO Agreement or one or more Schedules or licence.

13.3 If the Authority issues an order granting in whole or in part the request under clause 13.2, the Terminating Party may immediately terminate this RIO Agreement, the Schedule(s) or licence or those parts of this RIO Agreement or Schedules or licence covered by the Authority's order by giving written notice to the other Party provided such notice complies with the conditions of any order of the Authority in relation to the termination of this RIO Agreement.

13.4 In the event that this RIO Agreement or Schedules under this RIO Agreement is terminated:

- (a) all sums due, or accrued or payable to each Party under this RIO Agreement or with respect to that Schedule (respectively) up to the date of termination and all sums

due or payable to each Party shall upon termination become immediately due and payable to that Party (including any termination Charges due under the applicable Schedules and any costs incurred by the Terminating Party in terminating this RIO Agreement or Schedules);

- (b) each Party shall immediately return to the other Party at its own expense all equipment, facilities, plant and other property of the other Party used under this RIO Agreement or in relation to that terminated Schedule in good working condition, fair wear and tear only excepted; and
- (c) each Party shall immediately remove all of that Party's equipment, facilities, plant and other property located on the other Party's premises used under this RIO Agreement or in relation to that terminated Schedule.

13.5 A Party shall be entitled to charge the other Party the cost incurred in repossessing or acquiring a replacement of any equipment, facilities, plant and other property which the other Party has failed to return under clause 13.4 within thirty (30) Calendar Days of the date of termination and/or of acquiring a replacement of any equipment which is returned in a damaged or defective condition.

13.6 A Party may remove the other Party's equipment, facilities, plant and other property located on its premises if not removed by the other Party within 30 Calendar Days after the date of termination.

13.7 If the SingTel RIO is or is to be revoked by the Authority, this RIO Agreement will automatically and immediately terminate on and from the date of revocation notified by the Authority.

13.8 If the Authority removes a Service supplied under this RIO Agreement from being required to be supplied under an RIO or exempts SingTel from supplying a Service, SingTel may immediately terminate the supply of such Service and those aspects of this RIO Agreement which relate to such Service, by giving written notice to the Requesting Licensee with effect on or after the effective date of such removal or exemption as notified by the Authority.

13.9 On termination of this RIO Agreement or Schedule, all Services, leases, licences and other rights conferred on SingTel or the Requesting Licensee under this RIO Agreement or Schedule (as the case may be) shall immediately terminate.

- 13.10** On termination of this RIO Agreement, each Party must, at its own expense, deliver to the other Party, or after notices from that other Party, destroy or erase all documents or other forms of storage which comprise or contain the other Party's Confidential Information or from which the other Party's Confidential Information can be reproduced.
- 13.11** Termination or expiry of this RIO Agreement, Schedule, Service or licence shall not be deemed a waiver of a breach of any term or condition of this RIO Agreement, Schedule, Service or licence and shall be without prejudice to a Party's rights, liabilities or obligations that have accrued prior to such termination or expiry.
- 13.12** Notwithstanding the termination or expiry of this RIO Agreement clauses 6, 15, 16, 21, 23 and 27 inclusive shall continue in full force and effect.
- 13.13** A Party's right to suspend or terminate performance of this RIO Agreement or Schedule pursuant to clauses 12 or 13 respectively is without prejudice to any other rights or remedies available to that Party.

CLAUSE 13.14 – MODIFICATION REQUIRED

- 13.14** Each Party shall comply, at all times, with all applicable sanctions and export control laws and regulations when accessing, using, or providing the Services under this RIO Agreement. Non-compliance with this Clause shall constitute a material breach of the Agreement. Each Party shall promptly notify the other Party in writing upon becoming aware of any actual or anticipated breach of such applicable sanctions or export control laws and regulations. Each Party (Indemnifying Party) shall be liable for, and shall fully indemnify and keep indemnified the other Party (Indemnified Party) against, any and all Losses suffered or incurred by the Indemnifying Party arising out of, or in connection with, its own breach or non-compliance with this Clause, including without limitation any costs, expenses, damages, fines, penalties, or liabilities resulting from any investigation, enforcement action, or legal proceeding instituted against the Indemnified Party as a consequence of such non-compliance. Notwithstanding anything to the contrary in this Agreement, either Party (Indemnified Party) shall be entitled to take any actions it deems necessary or appropriate including the suspension or termination of the Agreement or any affected Services to ensure compliance with applicable sanctions and export control laws and regulations, without incurring any liability to the Indemnified Party as a result of such actions.

***IMDA Directed Modifications:** IMDA notes that the proposed clause 13.14 is not in compliance with the Code requirement to seek IMDA's approval prior to unilateral suspension or termination. Section 5.6.2 of the Code provides that "any unilateral suspension or termination will only become effective when, and to the extent that, it is approved by IMDA" except where there are "imminent threats to life or property or compliance with other legal or regulatory obligations" which would require immediate action by the suspending or terminating party. As such, IMDA directs Singtel to propose modifications to clause 13.14 herein to comply to the Code requirement on unilateral suspension or termination.*

14. FORCE MAJEURE

- 14.1** Neither Party shall be liable for any breach of this RIO Agreement (other than a breach by non-payment) caused by an act of God, insurrection or civil disorder, war or military operations, national emergency, acts or omissions of government, highway authority, fire, flood, lightning, explosion, subsidence, industrial dispute of any kind (whether or not involving that Party's employees), acts or omissions of persons or bodies for whom that Party affected thereby is not responsible or any other cause whether similar or dissimilar outside the reasonable control of that Party (**force majeure**).
- 14.2** The Party affected by force majeure shall promptly notify the other Party of the estimated extent and duration of any inability to perform its obligations under this RIO Agreement (**force majeure notification**).
- 14.3** Upon the cessation of the delay or failure resulting from force majeure, the Party affected by force majeure shall promptly notify the other Party of such cessation.
- 14.4** If, as a result of force majeure, the performance by either Party of its obligations under this RIO Agreement is only partially affected, such Party shall, subject to the provisions of clause 14.6, nevertheless remain liable for the performance of those obligations not affected by force majeure.
- 14.5** To the extent that the Party affected by force majeure shall not provide all or part of the Services to be provided by it under this RIO Agreement, the other Party shall be released to such extent from its obligations to make payment in respect of those Services.
- 14.6** In the case of either Party making a force majeure notification then:
- (a) if the force majeure lasts for a continuous period of sixty (60) Calendar Days or less from the date of the force majeure notification (whether or not notice of

cessation has been given pursuant to clause 14.3 of this RIO Agreement), any obligation outstanding shall be fulfilled by the Party affected by the force majeure as soon as reasonably possible after the force majeure has ended, save to the extent that such fulfilment is no longer possible or is not required by the other Party; and

- (b) if the force majeure lasts for more than a continuous period of sixty (60) Calendar Days from the date of the force majeure notification, notice of cessation has not been given pursuant to clause 14.3 hereof and such force majeure continues to prevent the affected Party from performing its obligations in whole or in material part, the other Party shall be entitled (but not be obliged) to terminate this RIO Agreement by giving not less than thirty (30) Calendar Days' written notice to the other Party after expiry of the said sixty (60) Calendar Days period. In the event that notice of cessation of the force majeure pursuant to clause 14.3 hereof is received by the other Party prior to the expiry of the thirty (30) Calendar Days' notice this RIO Agreement may not be terminated under this clause.

- 14.7** If this RIO Agreement is not terminated in accordance with the provisions of clause 14.6 of this RIO Agreement then any obligations outstanding shall be fulfilled by the Party affected by the force majeure as soon as reasonably practicable after the force majeure has ended, save to the extent that such fulfilment is no longer possible or is not required by the other Party.

15. LIMITATION OF LIABILITY

- 15.1** Unless otherwise provided under this RIO Agreement and subject to clause 15.10, this clause 15 shall regulate the liability (whether arising in contract, in tort, under statute or in any other way and whether due to negligence, wilful or deliberate breach, breach of statutory duty or any other cause) of a Party to the other Party under or in relation to this RIO Agreement and in relation to any act, omission or event relating to or arising out of this RIO Agreement.
- 15.2** In performing its obligations under this RIO Agreement, SingTel shall exercise the reasonable skill and care of a competent telecommunications operator and to comply with its obligations under clause 11.
- 15.3** Subject to clauses 15.5 and 15.6, neither Party shall be liable to the other Party (whether in contract, in tort, under statute or otherwise for any cause other than for wilful or deliberate breach, acts or omissions) for:

(a) any loss (whether direct or indirect) of profits, revenue, business, anticipated savings, wasted expenditure, or goodwill; or

(b) any other consequential or indirect liability, loss or damage,

suffered by the other Party and arising from or in connection with this RIO Agreement.

15.4 Subject to clauses 15.2 and 15.3, if a Party (**Breach Party**) is in breach of any of its obligations under this RIO Agreement to the other Party (excluding obligations arising under this RIO Agreement to pay monies in the ordinary course of business), or otherwise arising under this RIO Agreement (including liability for negligence or breach of statutory duty), the Breach Party's liability to the other Party shall be limited to S\$1,000,000 for any one event or series of connected events and S\$3,000,000 for all events (connected or unconnected) occurring in a calendar year.

15.5 Neither Party excludes or restricts its liability for death or personal injury caused by its own negligence.

15.6 Each Party (**Indemnifying Party**) must indemnify and keep indemnified the other Party (**Indemnified Party**), its employees and agents against any Loss (including Consequential Loss) which the Indemnified Party suffers or incurs as a result of or in connection with any claim by a Third Party relating to the Indemnified Party's supply of a Service to the Indemnifying Party or its use by the Indemnifying Party or any other person, or any delay or failure of the Indemnified Party to provide a Service other than to the extent that it is the result of a grossly negligent, wilful or reckless breach of this RIO Agreement by the Indemnified Party.

15.7 Subject to clause 15.6, neither Party will be liable to the other Party to the extent that liability is incurred in connection with an action, claim or demand brought or made against the other Party in relation to an act or omission relating to or arising out of this RIO Agreement by a Third Party to whom the other Party provides a telecommunication service under a contract, where that liability could legally have been excluded or where that liability could legally have been reduced in that contract by the other Party.

15.8 Each provision of this clause 15 is a separate limitation applying and surviving even if one or more such provisions is inapplicable or held unreasonable in any circumstances.

15.9 For the avoidance of doubt, neither Party shall be liable for any breach of this RIO Agreement caused by the delay or failure of any supplier to deliver equipment to that Party at the prescribed time, except where such a delay or failure is a result of gross negligence or a wilful or reckless breach of this RIO Agreement by that Party.

15.10 To the extent that a Schedule contains a remedy in relation to the performance by a Party (**Liable Party**) of an obligation under that Schedule, that remedy shall be the sole and exclusive liability of the **Liable Party**, its Related Corporations, directors, employees, agents and contractors to the other Party in connection with the performance of that obligation and is the sole remedy of the other Party against the **Liable Party**, its Related Corporations, directors, employees, agents and contractors in connection with the performance of that obligation.

16. INTELLECTUAL PROPERTY RIGHTS

16.1 Except as otherwise expressly provided in this RIO Agreement, all trademarks, inventions, patents, copyrights, designs, design rights, trading names (whether or not registered) and all other intellectual property rights (**intellectual property**) shall remain in the ownership of the person creating or owning the same and nothing in this RIO Agreement shall confer or be deemed to confer on either Party any rights or licences in the intellectual property of the other Party or of any Third Party.

16.2 Without prejudice to clause 16.1, neither Party shall be entitled to use any trademarks or service marks (whether registered or not) of the other Party in any document or other medium, without the prior written consent of the other Party.

16.3 The Parties will negotiate arrangements (including in respect of title) concerning intellectual property jointly developed in the course of performing this RIO Agreement or otherwise in connection with this RIO Agreement.

16.4 Each Party (referred to in this clause as the **Indemnifying Party**) agrees, subject to clause 15, to indemnify, and keep indemnified the other Party against all liability or loss arising directly or indirectly from, and all reasonable costs, charges and expenses incurred in connection with any claim, action, suit or demand alleging infringement by the other Party of the rights of a Third Party arising from use by the other Party of intellectual property disclosed or licensed by the **Indemnifying Party** under this RIO Agreement. This indemnification shall represent the only remedy and form of compensation available to the other Party in relation to intellectual property licensed or disclosed by the **Indemnifying Party** under this RIO Agreement.

16.5 Each Party shall be responsible and liable for obtaining and maintaining in that Party's name and at that Party's expense all licences, permits, consents, waivers, authorisations and intellectual property or other rights required for the provision of any Service to that Party or the installation or the use of any equipment in conjunction therewith for the entire duration during which the Services are provided or made available to that Party. Each Party shall provide reasonable co-operation to the other Party, at the other Party's cost, in relation to all licences, permits, consents, waivers, authorisations and intellectual property or other rights required to be obtained by the other Party under this clause.

17. NUMBERING

17.1 The Parties shall ensure that sufficient and correct numbering information is sent from one Network to the other for correct delivery of an Interconnected Call.

17.2 The Parties shall convey to each other telephone numbers in the national and international formats as contained in the national numbering plan issued by the Authority.

17.3 The Parties shall adopt and comply with the numbering system and number format as specified in the Authority's national numbering plan and framework and guidelines on the usage, allocation and assignment of numbers.

18. CALLING LINE IDENTIFICATION (CLI)

18.1 The Parties agree that CLI shall be passed between the Parties' Networks for all Calls for which the Call Origination Services, the Call Termination Services and the Call Transit Services are provided, subject to CLI being forwarded to a Party from another Network with which its Network is connected.

18.2 If a Party's Network requests CLI from the other Party's Network, the originating Network shall generate and convey CLI to the first Party's Network to the extent that the originating Network has such a capability.

18.3 The Parties may use CLI disclosed to it under clause 18.1 and clause 18.2 for the purposes listed in the Authority's Guide for Calling Line Identity and clause 3.2.6.1 of the Code.

18.4 The Parties conveying Calls handed over from an authorised overseas system shall convey, to the extent received, the CLI associated with those Calls.

- 18.5** The Parties will bar CLI in accordance with the SIP Privacy header field in the SIP message under IP-based Interconnection.
- 18.6** Each Party shall resolve any service issues arising from the provision of CLI from the other Party's Network where it is not the Calling Party's actual directory number. A list of such non-subscriber CLI (**Dummy CLI**) shall be notified by each Party to the other Party in writing whenever they are already in use or are planned for use.
- 18.7** Both Parties shall be allowed to present CLI to their Customers subject to the SIP Privacy header field under IP-based Interconnection. No separate compensation shall be paid for the supply of CLI information. The Parties shall not disclose, either at the Called Party's terminal or to the Called Party, the telephone number of a Calling Party who has subscribed for CLIR.
- 18.8** For Calls for which CLI is not available, such as Calls from customer service operator positions, the category of the Calling Party shall be clearly indicated in the signalling message.
- 18.9** The Parties shall comply with the following requirements and safeguards:
- (a) each Party shall not manipulate the CLI of the original Calling Party and the original Calling Party CLI shall be passed on in the conveyance of a Call accordingly; and
 - (b) each Party shall not, in the handling of outgoing traffic, manipulate the access code dialled by the Calling Party.
- 19. REQUESTING LICENSEE'S DUTY TO PROVIDE IRS NECESSARY TO ALLOW PHYSICAL INTERCONNECTION**
- 19.1** In any case in which a Requesting Licensee requests physical interconnection pursuant to Schedule 1A of this RIO Agreement, and the Parties agree pursuant to Schedule 1A that SingTel will physically interconnect its network at a specific location within the Requesting Licensee's network, the Requesting Licensee must provide SingTel with any Interconnection Related Services requested by SingTel (including but not limited to licensing of Co-location Space requested by SingTel) if such Services are necessary to allow SingTel to physically interconnect at that location (**Necessary IRS**). The Requesting Licensee must provide the Necessary

IRS to SingTel on the same terms and conditions specified in Schedules 1 and 8 of the RIO Agreement and in accordance with the pricing principles set out in Appendix One of the Code. Alternatively, the Requesting Licensee may, at its option, provide the Necessary IRS at the prices specified in this RIO Agreement.

CLAUSE 20 – MODIFICATION REQUIRED

IMDA Directed Modifications: IMDA notes that it is unclear the various sub-clauses under clause 20 of the proposed RIO Main Body, are applicable to which group of Requesting Licensees, namely (i) existing Requesting Licensees who have established SS7-based interconnection with Singtel prior to 6 January 2023 (as reference under clause 20.6.3 herein); or (ii) existing Requesting Licensees who have established SS7-based interconnection with Singtel after 6 January 2023 (as reference under clause 20.6.5 herein); or (iii) new Requesting Licensees who do not have any SS7-based interconnection with Singtel and are establishing IP-based interconnection with Singtel (as reference under clause 20.5 herein). As such, when proposing modifications to the sub-clauses under clause 20, Singtel is required to ensure clarity on which proposed clauses apply to which group of Requesting Licensees, and specify the cost obligations accordingly.

20. IP-BASED INTERCONNECTION WITH SINGTEL

CLAUSE 20.1 – MODIFICATION REQUIRED

20.1 SingTel shall cease offering new SS7-based Interconnection arrangements from 28 February 2027. Requesting Licensee may only request to establish IP-based Interconnection with SingTel from 1 March 2027.

IMDA Directed Modifications: Given that Singtel is in the midst of migrating its network to IP-based, the proposed dates of 28 February 2027 and 1 March 2027 in clause 20.1 may not be firm dates. As such, Singtel is required to propose modifications to clause 20.1 herein to make clear the said dates may be subject to variation as approved by IMDA.

CLAUSE 20.2 – MODIFICATION REQUIRED

20.2 Requesting Licensees with existing SS7-based Interconnection shall complete their migration to IP-based Interconnection no later than 31 May 2027. SingTel shall proceed to terminate all SS7 Links and any related Services from 1 June 2027 without any liability to SingTel.

IMDA Directed Modifications: Given that Singtel is in the midst of migrating its network to IP-based, the proposed dates of 31 May 2027 and 1 June 2027 in clause 20.2 may not be firm dates. As such, Singtel is required to propose modifications to clause 20.2 herein to make clear the said dates may be subject to variation as approved by IMDA.

CLAUSE 20.3 – MODIFICATION REQUIRED

- 20.3** Prior to submitting any application for IP-based Interconnection with SingTel, the Requesting Licensee shall schedule, undertake, and successfully complete all the necessary IP-based Interconnect Testing in accordance with Schedule 1 Annexures. Requesting Licensee shall pay all cost associated with the conduct of IP-based Interconnect Testing as set out under Schedule 9.

IMDA Directed Modifications: One respondent to the public consultation submitted that it was unclear whether there is a difference between the IP-based Interconnect Testing under the proposed clause 20.3, and the IP-based Interconnect Testing under the proposed clause 20.6.3(b) and 20.6.5(b) in this proposed RIO Main Body.

As explained above in the IMDA Directed Modifications for clause 20 of this proposed RIO Main Body, IMDA is of the view that it is unclear which sub-clauses under clause 20 are applicable to which group of Requesting Licensees.

As such, IMDA directs Singtel to propose modifications to clause 20.3 to (i) make clear clause 20.3 is applicable to which group(s) of Requesting Licensees; as well as (ii) specify the cost obligation in clause 20.3 for the applicable group of Requesting Licensees (where the respective cost obligations are as reference under clause 20.5, 20.6.3 and 20.6.5).

CLAUSE 20.4 – MODIFICATION REQUIRED

- 20.4** Requesting Licensees shall comply with all applicable requirements prescribed by the Authority, including but not limited to the network security requirements, prior to applying for IP-based Interconnection.

IMDA Directed Modifications: Respondents to the public consultation submitted comments that compliance with all applicable requirements prescribed by IMDA should not be imposed on only the Requesting Licensees, as Singtel should also be required to comply with such IMDA's requirements. As such, IMDA directs Singtel to propose modifications to clause 20.4 herein to provide for a reciprocal position.

20.5 Establishing New IP-based Interconnection

- 20.5.1** Requesting Licensees applying for new IP-based Interconnection shall be subject to the prevailing migration schedule governing the transition of existing Requesting Licensees from SS7-based Interconnection to IP-based Interconnection. SingTel shall give priority to the migration of existing Requesting Licensees with established SS7-based Interconnection over the provisioning of new IP-based Interconnection arrangements for new Requesting Licensees.

CLAUSE 20.5.2 – MODIFICATION REQUIRED

20.5.2 SingTel shall, at its sole discretion, notify the Requesting Licensee when it is ready to accept the Requesting Licensee's application for new IP-based Interconnection.

***IMDA Directed Modifications:** Given that above clause 20.1 has indicated that Requesting Licensee may only request to establish IP-based interconnection with Singtel from 1 March 2027 (tentative date), Singtel is required to propose modifications to clause 20.5.2 herein to align Singtel's acceptance (under clause 20.5.2) of the Requesting Licensee's application for new IP-based interconnection with the date specified under clause 20.1.*

In addition, IMDA notes that once the proposed date in clause 20.1 is effective, it is Singtel's RIO obligation to respond to the Requesting Licensee according to the stipulated RIO timeframes, to review acceptance of the Requesting Licensee's application for new IP-based interconnection. Hence, Singtel's review of its acceptance of the Requesting Licensee's application cannot be at Singtel's discretion, and would need to adhere to the relevant stipulated RIO processes and timeframes. As such, IMDA directs Singtel to remove "at its sole discretion" in the proposed clause 20.5.2, and also make clear the relevant RIO processes and timeframes which Singtel and the Requesting Licensee would follow for the application of new IP-based interconnection.

20.6 SS7-based to IP-based Interconnection Migration

CLAUSE 20.6.1 – MODIFICATION REQUIRED

20.6.1 SingTel shall cease accepting any activation or modification of Interconnect Links request, new Call Type request or Network Change from existing Requesting Licensees to their SS7-based Interconnection with effect from 30 June 2026.

***IMDA Directed Modifications:** Given that Singtel is in the midst of migrating its network to IP-based, the proposed date of 30 June 2026 in clause 20.6.1 may not be a firm date. As such, Singtel is required to propose modifications to clause 20.6.1 herein to make clear the said date may be subject to variation as approved by IMDA.*

CLAUSE 20.6.2 – MODIFICATION REQUIRED

20.6.2 Existing Requesting Licensee who has established SS7-based Interconnection with SingTel and intends to migrate to IP-based Interconnection shall submit the following to SingTel:

- (a) A Network Change request to SingTel;

- (b) New Call Type request pursuant to Schedule 2A, 2B, 2C and 4A to be delivered over the IP-based Interconnection, specifying the bandwidth to be allocated for each designated Call Type;
- (c) A detailed migration proposal, which shall include:
 - (i) A Network migration diagram illustrating both the existing and proposed IP-based Interconnection configuration;
 - (ii) A comprehensive migration plan outlining all planned migration activities;
 - (iii) Necessary support from SingTel; and
 - (iv) A complete migration schedule specifying key milestones and timelines.

***IMDA Directed Modifications:** IMDA notes that while the proposed clause 20.6.2 requires Requesting Licensee to submit requests and migration proposal to Singtel when initiating the migration work, there are no proposed clauses in this RIO Main Body for Singtel to follow up with the Requesting Licensee after its submission. As such clarity is crucial to ensure a smooth migration for the parties, IMDA directs Singtel to propose modifications to clause 20.6.2 herein to provide the response procedures and timeframes for Singtel to follow up with the Requesting Licensee after its submission. Singtel is also required to make clear what information it would like Requesting Licensee to submit in the Network Change request under clause 20.6.2(a).*

In addition, as explained in IMDA's Decision, IMDA agrees with the respondents that the migration plan and activities, migration process (including the process to exchange call type and network information) and migration timeframes (whether it is the IP-based Interconnect Testing period, or whether it is about conducting the migration over business days/non-business days, office hours/after office hours) should all be mutually discussed and agreed between the parties. As such, IMDA directs Singtel to propose modifications to clause 20.6.2 herein to provide that Singtel and the Requesting Licensee would act in good faith to discuss and mutually agree on the aforementioned migration details, and that parties conduct and complete the migration work expeditiously within a reasonable timeframe and without undue delay.

In proposing the above modifications for clause 20.6.2 herein, Singtel is required to provide for a reciprocal position as Singtel would also need to submit call type and network information to the Requesting Licensee for the conveyance of its IP-based voice traffic.

Singtel is also required to make clear in clause 20.6.2(c)(i) that the "existing" configuration refers to the existing SS7-based interconnection configuration.

CLAUSE 20.6.3 – MODIFICATION REQUIRED

20.6.3 For existing Requesting Licensee who has established SS7-based Interconnection with SingTel prior to 6 January 2023:

- (a) Each Party shall bear its own cost arising from the IP-based Interconnection migration. In addition, SingTel shall waive any applicable Network Change request charges associated with the IP-based Interconnection migration request.
- (b) SingTel shall waive the cost associated with the conduct of IP-based Interconnect Testing for the initial five (5) Business Days. Thereafter, Requesting Party shall pay SingTel a daily rate Charge for any additional testing or extension of testing period as set out under Schedule 9.

***IMDA Directed Modifications:** As explained in IMDA's Decision, IMDA agrees with the respondents that the migration plan and activities, migration process and migration timeframes should all be mutually discussed and agreed between the parties. As such, IMDA directs Singtel to propose modifications to clause 20.6.3(b) herein to provide that Singtel and the Requesting Licensee would act in good faith to discuss and mutually agree on the timeframe for IP-based Interconnect Testing, and that parties conduct and complete the testing work expeditiously within a reasonable timeframe and without undue delay.*

As for the cost obligation in clause 20.6.3(b), as explained in IMDA's Decision, IMDA is of the view that the party who requests or is responsible for any extended testing work outside of the mutually agreed timeframe, should pay for such additional charges. As such, IMDA directs Singtel to propose modifications to clause 20.6.3(b) to attribute the additional charges outside the mutually agreed timeframe, to the party requesting or responsible for causing such extended testing work. This would include the scenario where such extended testing work is directly attributable to the neglect or fault of Singtel, in which case Singtel should not require the Requesting Licensee to pay these additional charges.

Singtel is also required to make clear who the "Requesting Party" in the proposed clause 20.6.3(b) is referring to, given that this term is not defined within this RIO Main Body or Schedule 12 Dictionary.

CLAUSE 20.6.4 – MODIFICATION REQUIRED

20.6.4 Requesting Licensee acknowledges and agrees that SingTel shall first migrate all Requesting Licensees falling under this Clause 20.6.3, in accordance with a migration schedule to be advised and notified by SingTel at its sole discretion, followed by other Requesting Licensees.

IMDA Directed Modifications: IMDA directs Singtel to propose modifications to clause 20.6.4 herein to make clear that the migration schedule will be reviewed with IMDA. Singtel is also required to remove “at its sole discretion” in the proposed clause 20.6.4.

CLAUSE 20.6.5(c) – MODIFICATION REQUIRED

20.6.5 For existing Requesting Licensee who has established SS7-based Interconnection with SingTel after 6 January 2023:

- (a) Requesting Licensees shall bear all costs arising from the IP-based Interconnection migration including but not limited to Network Change request and Call Type request associated with the IP-based Interconnection migration request;
- (b) Requesting Licensee shall pay all cost associated with the conduct of IP-based Interconnect Testing as set out under Schedule 9;
- (c) The migration schedule shall be advised and notified by SingTel at its sole discretion and at a time deemed appropriate by SingTel.

IMDA Directed Modifications: IMDA directs Singtel to propose modifications to clause 20.6.5(c) herein to make clear that the migration schedule will be reviewed with IMDA. Singtel is also required to remove “at its sole discretion” in the proposed clause 20.6.5(c).

CLAUSE 20.6.6 – MODIFICATION REQUIRED

20.6.6 Requesting Licensees shall not implement anything in its network that may adversely impact the interoperability, security, or functionality of the IP-based Interconnection or SingTel’s Network. SingTel reserves its right, at its sole discretion, to reject the proposed Network Change and/or the new Call Type request where such request is associated with modifications to the Network that may adversely impact the interoperability, security, or functionality of the IP-based Interconnection or SingTel’s Network.

IMDA Directed Modifications: *IMDA notes that both the Requesting Licensee and Singtel have a duty to take reasonable measures to ensure that the interconnection of their networks does not cause physical or technical harm to each other's network, as required under section 5.4.3 of the Code. As such, IMDA directs Singtel to propose modifications to clause 20.6.6 herein to provide for a reciprocal position.*

In addition, IMDA directs Singtel to propose modifications to clause 20.6.6 to make clear that any rejection of Network Change and/or Call Type request will be undertaken in good faith and the reason(s) for rejection will be provided. Singtel is also required to remove "at its sole discretion" in clause 20.6.6.

CLAUSE 20.6.7 – MODIFICATION REQUIRED

20.6.7 All IP-based Interconnection migration shall be carried out over Business Day and for a period that SingTel will advise the Requesting Licensee. Requesting Licensee shall bear all costs for any request for additional manpower support, or for migration activities outside the stipulated period, including those conducted over after office hours and non-Business Days which shall be charged accordingly.

IMDA Directed Modifications: *As explained in IMDA's Decision, IMDA agrees with the respondents that the migration plan and activities, migration process and migration timeframes should all be mutually discussed and agreed between the parties. As such, IMDA directs Singtel to propose modifications to clause 20.6.7 herein to provide that Singtel and the Requesting Licensee would act in good faith to discuss and mutually agree on the timeframe for migration work (including whether to conduct the migration over Business Days/non-Business Days, office/after office hours), and that parties conduct and complete the migration work expeditiously within a reasonable timeframe and without undue delay.*

As explained above in the IMDA Directed Modifications for clause 20 of this proposed RIO Main Body, IMDA is of the view that it is unclear which sub-clauses under clause 20 are applicable to which group of Requesting Licensees.

As such, IMDA directs Singtel to propose modifications to clause 20.6.7 to (i) make clear clause 20.6.7 is applicable to which group(s) of Requesting Licensees; as well as (ii) specify the cost obligation in clause 20.6.7 for the applicable group of Requesting Licensees (where the respective cost obligations are as reference under clause 20.5, 20.6.3 and 20.6.5).

CLAUSE 20.6.8 – MODIFICATION REQUIRED

20.6.8 In the event that the Requesting Licensee fails to complete the initial IP-based migration successfully, the Requesting Licensee shall bear all costs including any cost that SingTel will incur, associated with any subsequent attempts to complete the IP-based migration.

IMDA Directed Modifications: As explained above in the IMDA Directed Modifications for clause 20 of this proposed RIO Main Body, IMDA is of the view that it is unclear which sub-clauses under clause 20 are applicable to which group of Requesting Licensees.

As such, IMDA directs Singtel to propose modifications to clause 20.6.8 to (i) make clear clause 20.6.8 is applicable to which group(s) of Requesting Licensees; as well as (ii) specify the cost obligation in clause 20.6.8 for the applicable group of Requesting Licensees (where the respective cost obligations are as reference under clause 20.5, 20.6.3 and 20.6.5).

20.6.9 Without prejudice to the ongoing migration from SS7-based Interconnection to IP-based Interconnection, Requesting Licensee shall only have one form of Interconnection, and SingTel shall offer only one form of Interconnection to Requesting Licensees.

21. INSURANCE

21.1 Without limiting either Party's obligations under this RIO Agreement, unless otherwise agreed by SingTel, where the Requesting Licensee is an FBO, the Requesting Licensee will have in force and maintain with an insurance company licensed in Singapore or a reputable international insurance company with minimum credit rating of A- (or, in the case of a captive insurance company, a parent company with minimum credit rating A-), for the term of this RIO Agreement and for a period of 12 months after the expiry or termination of this RIO Agreement, a broad form public liability policy of insurance to the value of S\$10 million. For the avoidance of doubt, where the Requesting Licensee is an SBO, there is no requirement to procure any such policy of insurance.

21.2 If an SBO becomes an FBO at any time during the term of the RIO Agreement, that Requesting Licensee must obtain a broad form public liability policy of insurance for an FBO as required under clause 21.1.

- 21.3** On SingTel's request, the Requesting Licensee will immediately produce evidence that it has complied with and continues to comply with its obligations under this clause.

22. CREDIT MANAGEMENT AND SECURITY REQUIREMENTS

- 22.1** The Requesting Licensee must provide, at its sole cost and expense, to SingTel, and maintain for the term of this RIO Agreement, the security requirements detailed in Attachment A – Notification of Acceptance of RIO.

- 22.1A** In addition, if the Requesting Licensee requests or has requested from SingTel any service under Schedule 2A (Call Origination Service), Schedule 2B (Call Termination Service) or Schedule 2C (Call Transit Service) by way of notification to SingTel using any request form set out in any such Schedules, and such Requesting Licensee has not provided any Security Requirement to SingTel under this RIO Agreement, such Requesting Licensee must at its sole cost and expense also provide to SingTel, and maintain for the term of this RIO Agreement, at the Requesting Licensee's option, a banker's guarantee or security deposit of S\$20,000.

- 22.2 (a)** If, at any time during the term of this RIO Agreement, the amount of paid up capital of the Requesting Licensee falls below S\$1 million, the Requesting Licensee must notify SingTel in writing within ten (10) Business Days of such occurrence, in which case SingTel may upon notice in writing require the Requesting Licensee to provide SingTel with either a banker's guarantee or security deposit (at the Requesting Licensee's option) for 2.5 times the amount of the recurring Charges that the Requesting Licensee has incurred in a month or S\$20,000, whichever amount is greater.

- (b)** For the purposes of ensuring compliance with clause 22.2(a):

- (i)** SingTel may from time to time reasonably request information from the Requesting Licensee to determine and verify the paid up capital of the Requesting Licensee. The Requesting Licensee must provide such information to SingTel within ten (10) Business Days of receipt of a request from SingTel for such information;
- (ii)** SingTel may at any time require the Requesting Licensee to provide an amended Security Requirement, in order to ensure that the value of the Security Requirement is maintained at 2.5 times the amount

of the recurring Charges that the Requesting Licensee has incurred in a month or S\$20,000, whichever amount is greater; and

- (iii) the Requesting Licensee shall promptly notify SingTel of any changes required to the Security Requirement, in order to ensure that the value of the Security Requirement is maintained at 2.5 times the amount of the recurring Charges that the Requesting Licensee has incurred in a month or S\$20,000, whichever amount is greater.

22.3 (a) [*Intentionally blank*]

(b) [*Intentionally blank*]:

(i) [*Intentionally blank*]; or

(ii) [*Intentionally blank*],

[*Intentionally blank*].

22.4 If, at any time during the term of this RIO Agreement, a Requesting Licensee fails to make a payment in accordance with the terms of this RIO Agreement (which is not subject to a bona fide dispute under Schedule 10 or 11) and the Requesting Licensee has not provided any Security Requirement to SingTel under this RIO Agreement, SingTel may upon notice in writing require the Requesting Licensee to provide SingTel with either a banker's guarantee or security deposit (or amended banker's guarantee or security deposit) (at the Requesting Licensee's option) for 2.5 times the amount of the Charges that the Requesting Licensee has incurred in a month or S\$20,000, whichever amount is greater.

22.5 If, at any time during the term of this RIO Agreement:

- (a) a Schedule under this RIO Agreement has been suspended under clause 12 or SingTel is awaiting the IMDA to issue an order under clause 12 or 13 permitting SingTel to suspend or terminate a Schedule, for reason of the Requesting Licensee's failure to make a payment in accordance with the terms of this RIO Agreement; and

- (b) the Requesting Licensee makes a request for Additional Service during that period,

then without prejudice to clauses 22.1A to 22.4, SingTel may upon notice in writing require the Requesting Licensee to provide SingTel, in respect of the request for each Additional Service, at the Requesting Licensee's option, a banker's guarantee or security deposit of S\$20,000 (or amended banker's guarantee for an additional amount of S\$20,000) .

- 22.6** The Requesting Licensee must provide the banker's guarantee or security deposit (or amended banker's guarantee or security deposit) to SingTel within twenty (20) Business Days of receipt of notice under clause 22.2, 22.3, 22.4 or 22.5 (as the case may be). SingTel may, at its absolute discretion, treat a failure by the Requesting Licensee to provide a banker's guarantee or security deposit in accordance with this clause as a material breach of this RIO Agreement.
- 22.7** The Requesting Licensee shall not require SingTel to use a banker's guarantee or security deposit it has provided to SingTel towards payment of the Charges. For the avoidance of doubt, the provision of a banker's guarantee or security deposit does not relieve the Requesting Licensee from its obligations to pay amounts to SingTel as they become due and payable, nor does it constitute a waiver of SingTel's right to suspend, disconnect, or terminate the Services in accordance with the terms of this RIO Agreement.
- 22.8** SingTel may on reasonable notice in writing to the Requesting Licensee call on the banker's guarantee or use the security deposit (or part of it) to settle any amount due or payable to SingTel by the Requesting Licensee under this RIO Agreement.
- 22.9** SingTel shall return the Security Requirement to the Requesting Licensee within fourteen (14) Calendar Days of:
 - (a) the termination of this RIO Agreement; or
 - (b) payment by the Requesting Licensee of all outstanding amounts under this RIO Agreement,

whichever is later.

23. CONFIDENTIALITY

23.1 Notwithstanding any provision in this RIO Agreement and unless otherwise provided in the Code, the Parties shall not reveal, make known or divulge to any Third Party in any manner howsoever the contents of those aspects of this RIO Agreement (in full or in part) which the Authority has withheld from publication.

23.2 Except as otherwise provided in this RIO Agreement, a Party that receives Confidential Information (the **Receiving Party**) shall keep confidential all Confidential Information of the other Party (the **Disclosing Party**) which:

- (a) is disclosed, communicated or delivered to the Receiving Party pursuant to this RIO Agreement; or
- (b) comes to the Receiving Party's knowledge or into the Receiving Party's possession in connection with this RIO Agreement,

whether such Confidential Information is received before during or after the date of this RIO Agreement.

23.3 The Receiving Party shall not use or copy the Confidential Information of the Disclosing Party except in connection with and for the purposes of this RIO Agreement or for such other purposes related to the provision of Services under this RIO Agreement.

23.4 In the event of the Receiving Party visiting any of the facilities of the Disclosing Party, the Receiving Party undertakes that any further Confidential Information which may come to its knowledge as a result of any such visit and any Confidential Information relating to plant and equipment which may be seen at such facilities, the methods of operation thereof and the various applications thereof shall be kept strictly confidential and that any such Confidential Information will not be divulged to any Third Party and will not be made use of in any way (whether for its benefit or that of any Third Party) except in connection with and for the purposes of this RIO Agreement or for such other purposes related to the provision of Services under this RIO Agreement.

23.5 Except as otherwise provided in this RIO Agreement, the Receiving Party shall not disclose or communicate, cause to be disclosed or communicated or otherwise make available Confidential Information to any Third Party other than:

- (a) the Receiving Party's directors, officers, employees, agents, contractors or representatives to whom disclosure is necessary in connection with and for the purposes of this RIO Agreement or for such other purposes related to the provision of Services under this RIO Agreement;
- (b) the Receiving Party's professional adviser only to the extent necessary for that adviser to provide advice or protect the rights of the Receiving Party under this RIO Agreement; and
- (c) the Receiving Party's appointed financial adviser or appointed banker only to the extent necessary for the financial adviser or appointed banker to provide financial advice and/or financial services to the Receiving Party

(each an "Authorised Person", and collectively, the "Authorised Persons").

23.6 The Receiving Party hereby agrees to advise the Authorised Person(s) that they are obligated to protect the Disclosing Party's Confidential Information in a manner consistent with this RIO Agreement. The Receiving Party may disclose some or all of the Confidential Information to the Authorised Person(s) provided that prior to such disclosure:

- (a) in the case of Authorised Persons referred to in clause 23.5(a), the Receiving Party shall ensure that Authorised Person(s) to whom all or any Confidential Information is disclosed shall hold it strictly confidential and shall not disclose it to any other person; and
- (b) in the case of Authorised Persons referred to in clauses 23.5(b) and (c), the Receiving Party shall obtain and provide to the Disclosing Party a written undertaking in favour of the Disclosing Party from the Authorised Person(s) to comply with the terms of this RIO Agreement as if the Authorised Person(s) is a party hereto.

In any event, the Receiving Party shall remain liable for any disclosure by the Authorised Person(s) to any other person.

23.7 A Receiving Party may disclose Confidential Information to a related corporation to the extent necessary under this RIO Agreement, subject to the Related Corporation undertaking to comply with obligations equivalent to those contained in this clause 23.

- 23.8** Save as provided under this RIO Agreement, no news releases, public announcements or any other form of publicity concerning this RIO Agreement or the terms of this RIO Agreement shall be conducted or released by the Receiving Party without the prior written consent of the Disclosing Party.
- 23.9** The Receiving Party's obligations hereunder shall not apply to Confidential Information if the same is:
- (a) in or enters the public domain, other than by breach by the Receiving Party or any of its Authorised Persons of this RIO Agreement; or
 - (b) known to the Receiving Party on a non-confidential basis prior to disclosure under this RIO Agreement, at the time of first receipt, or thereafter becomes known to the Receiving Party or any of its Authorised Persons without similar restrictions from a source other than the Disclosing Party, as evidenced by written records; or
 - (c) is or has been developed independently by the Receiving Party without reference or reliance on the Disclosing Party's Confidential Information.
- 23.10** Except as otherwise provided in this RIO Agreement, a Receiving Party may not disclose the Confidential Information of the Disclosing Party except in the following circumstances:
- (a) the disclosure is authorised in writing by the Disclosing Party to the extent of that authority; or
 - (b) the disclosure is made pursuant to a directive issued by the Authority or any judicial, statutory or Governmental Agency; or
 - (c) the disclosure is made to the Authority:
 - (i) for the purpose of registration of this RIO Agreement or any amendment, modification or alteration of this RIO Agreement;
 - (ii) under or pursuant to the IMDA Act or the Act or under or pursuant to the Disclosing Party's or the Receiving Party's Licence;
 - (iii) for the purpose of a review by the Authority or a determination by the Authority; or

- (iv) as otherwise specified in this RIO Agreement; or
 - (d) the disclosure is made to Emergency Service Organisations; or
 - (e) the disclosure is made to any arbitrator or expert appointed to resolve disputes under this RIO Agreement; or
 - (f) the disclosure is made pursuant to any applicable laws, rules, regulations or directions of a statutory or regulatory authority or stock exchange or order of a relevant court of law.
- 23.11** The Receiving Party shall inform the Disclosing Party of any disclosures to Third Parties by the Receiving Party under clause 23.10 prior to any such disclosure.
- 23.12** A Receiving Party shall exercise no lesser security or degree of care than that Party applies to its own Confidential Information of an equivalent nature, but in any event not less than the degree of care which a reasonable person with knowledge of the confidential nature of the information would exercise.
- 23.13** Confidential Information provided by one Party to the other Party is provided for the benefit of that Party only and shall be used solely for the purposes for which it is disclosed.
- 23.14** Each Party acknowledges that a breach of this clause 23 by one Party may cause the other Party irreparable damage for which monetary damages would not be an adequate remedy. Accordingly, in addition to other remedies that may be available, a Party may seek injunctive relief against such a breach or threatened breach.
- 23.15** All written Confidential Information or any part thereof (including, without limitation, information incorporated in computer software or held in electronic storage media) together with any analyses, compilations, studies, reports or other documents or materials prepared by the Receiving Party or on its behalf which reflect or are prepared from any of the Confidential Information provided by the Disclosing Party shall be returned to the Disclosing Party or destroyed by the Receiving Party, when requested by the Disclosing Party at any time, or when the Receiving Party's need for such information has ended or when this RIO Agreement expires or is terminated, whichever is earlier. In the event of destruction, the Receiving Party shall certify in writing to the Disclosing Party within thirty (30) Calendar Days, that such destruction has been accomplished. The

Receiving Party shall make no further use of such Confidential Information nor retain such Confidential Information in any form whatsoever.

23.16 The Parties acknowledge that the provisions of this clause 23 shall continue in full force and effect regardless of variations, assignments or termination of other provisions of this RIO Agreement. The obligation to maintain confidentiality of the Confidential Information provided hereof and the undertakings and obligations in this clause 23 shall continue for two (2) years upon the expiry or termination of this RIO Agreement.

23.17 This RIO Agreement contains the entire understanding between the Parties with respect to the safeguarding of the Confidential Information and supersedes all prior communications and understandings with respect thereto.

24. CUSTOMER RELATIONSHIP

24.1 The Parties shall implement all matters agreed to in respect of customer relationship and billing procedures as set out in Schedule 10 on such terms and conditions as shall be consistent with the Authority's applicable principles and guidelines.

24.2 For the avoidance of doubt, the Parties acknowledge that each Party will be responsible for billing its own customers for the services it provides to them, unless expressly agreed to the contrary.

24.3 Where a Party receives Services under this RIO Agreement, the Party acknowledges and agrees that notwithstanding any failure by one of its Customers to pay in respect of a Service, the Party is liable to the other Party in respect of the relevant Charges for Services supplied under this RIO Agreement.

25. REQUESTING LICENSEE'S REPRESENTATIONS AND COMMUNICATIONS

25.1 Each Party may advise its customers that Services are provided by the other Party to the first-mentioned Party, but the first-mentioned Party must not represent that the other Party participates in the provision of the first-mentioned Party's services.

25.2 Where a Party communicates with a Customer of either Party, such communications must not falsely attribute to the other Party:

(a) blame for a fault or circumstance; or

- (b) the need for network maintenance or upgrade; or
- (c) the interruption or suspension of a service,

provided that this requirement does not permit the first mentioned Party to engage in unethical, misleading or deceptive conduct.
