Re: Public Consultation on Incorporating CDN as an IRS

In response to the above public consultation on the incorporation of CDN as an IRS, we have several queries and your response will be vital in our cable planning.

Here are our queries:

1. From our designated BMH, who will be responsible for bringing in the fibre into the CDN?
Will it be Singtel for this matter?
2. Where will be the end point of the CDN, can Singtel's provide the designated CLS at this juncture?
3. From the designated CLS of Singtel, will there be other providers of Dark Fibre if we opt not to take up their Dark Fibre service?
4. There were budgetary figures issued by IMDA to NTTC last time for using PFE/SLTE stations, will the figures be in the same range in the "Mandated Wholesale Services MWS" scheme?

Thank you in advance and for your kind cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Ople", written over the printed name.
