

APPENDIX 10

REQUIRED MODIFICATIONS TO SCHEDULE 8 OF SINGTEL'S RIO

SCHEDULE 8 – MODIFICATION REQUIRED

PLEASE SEE GENERAL REQUIREMENTS APPLICABLE TO SCHEDULE 8 SET OUT IN APPENDIX 1 AND SPECIFIC REQUIREMENTS SET OUT IN IDA'S ANNOTATIONS BELOW.

SCHEDULE 8

CO-LOCATION

SCHEDULE 8

CO-LOCATION

1. GENERAL

1.1 This Schedule sets out the terms and conditions under which SingTel will provide the Requesting Licensee with Co-Location Space at the following Co-Location Sites:

- (a) an Exchange Building for a Point of Interconnection (Schedule 8A);
- (b) an Exchange Building for a Point of Access (Schedule 8B); and
- (c) a Submarine Cable Landing Station/Frontier Station (Schedule 8D).

1.2 The Requesting Licensee may request Co-Location at sites specified in the Code in addition to those specified or described in Schedules 8A, 8B and 8D.

CLAUSE 1.3 - MODIFICATION REQUIRED

1.3 On receipt of a request under clause 1.2 at a site which is specified in the Code, SingTel and the Requesting Licensee will promptly discuss the Requesting Licensee's request.

Clause 1.3 requires SingTel to "promptly discuss" the Requesting Licensee's request. IDA is of the view that this requirement results in business uncertainty for the Requesting Licensee because there is no timeframe within which SingTel will engage the Requesting Licensee in such discussion. Accordingly, IDA directs SingTel to replace the term "promptly discuss" with a pre-determined timeframe of not more than 7 Calendar Days.

1.4 If, thirty (30) Calendar Days after the receipt of a request under clause 1.2 and following discussions under clause 1.3, the Requesting Licensee wishes to pursue Co-Location at a site referred to in its request, SingTel will commence the formulation of terms and conditions (including amended terms and conditions) to incorporate into this RIO Agreement.

1.5 SingTel will submit terms and conditions formulated under clause 1.4 to the Authority for approval and incorporation into the RIO and this RIO Agreement within sixty (60) Calendar Days after the receipt of a request under clause 1.2.

- 1.6** In cases where SingTel cannot offer physical co-location due to space limitations or any other legitimate reasons, SingTel must take reasonable measures to propose an alternative solution. Such alternative solutions may include options such as Virtual (Distant) Interconnection, conditioning additional equipment space, optimising the use of existing space or finding adjacent space.
