# TAU EXPRESS

Revolutionary software that applies AI, ML & NLP to facilitate better business decision-making

TITAN Platform intelligently processes large volumes of unstructured text and analyses them seamlessly and efficiently

Artificial Intelligence (AI) | **Machine Learning (ML)** | **Natural Language Processing (NLP)**

CAPTURES & IDENTIFIES DATA

EXTRACTS & CATEGORISE

ANALYSES TO DELIVER ACTIONABLE INSIGHTS AND AI-POWERED CONTENT RETRIEVAL

Deep AI expertise
to identify trends & patterns, extract & analyse data from unstructured documents

Provides intelligent search
through tokenisation, indexing and AI techniques

Scalable & modular platform
to ensure future proofing with further functional extensibility

Industry solutions
across legal, finance, regtech, logistics, cyber security healthcare, insurance & government sectors
