

VANTIQ

Creating powerful digital,
real-time event driven solutions
for smart businesses to respond efficiently.

VantIQ technology builds and deploys software applications to sense, analyze & take immediate action as events affecting your business occur.

THE VANTIQ ADVANTAGE

Single asynchronous, event-driven, scalable platform

Agile event-based integration

Easily scalable low-code, rapid development of event-driven apps

Easy & event-mesh edge deployments

Effective human-machine collaboration
