**LICENCE TO PROVIDE
FACILITIES-BASED OPERATIONS GRANTED BY
THE INFO-COMMUNICATIONS MEDIA DEVELOPMENT AUTHORITY
TO AUSTRALIA-SINGAPORE CABLE (SINGAPORE) PTE LTD UNDER
SECTION 5 OF THE TELECOMMUNICATIONS ACT 1999**

PART I: THE LICENCE

- A. On 15 September 2011, the Info-communications Development Authority of Singapore (hereinafter referred to as “IDA”), in exercise of the powers conferred on it under Section 5 of the Telecommunications Act 1999 (hereinafter referred to as “the Act”) issued this licence (hereinafter referred to as the “Licence”) to Australia-Singapore Cable (Singapore) Pte Ltd (hereinafter referred to as “the Licensee”) a licence to establish, install and maintain the telecommunication systems and to operate and provide the telecommunication services as then specified in the Licence.
- B. On 1 October 2016, IDA was re-constituted as the Info-communications Media Development Authority (hereinafter referred to as the “Authority”) by the enactment of the Info-communications Media Development Authority Act 2016 (the “IMDA Act”). Section 91(1) of the IMDA Act preserves the validity of the Licence and deems the Licence as having been granted by the Authority under Section 5 of the Act.
- C. On 22 November 2018 and 21 January 2019, the Authority, in exercise of its powers under Section 9 of the Act, modified the terms and conditions of the Licence, which took effect on 21 January 2019.
- D. On 13 March 2026, the Licensee submitted its confirmation to renew the Licence which is due to expire on 14 September 2026.
- E. The Authority hereby approves the renewal of the Licence, which for the avoidance of doubt, shall include all terms and conditions herein and the Schedules annexed hereto, which shall be collectively referred to and taken by all parties concerned as the Licence.

Renewed on 15 September 2026

1 Period of Licence

- 1.1 The Licence is renewed on 15 September 2026 and shall be valid for a period of fifteen (15) years, unless suspended or cancelled by the Authority in accordance with Condition 43 or terminated by the Licensee in accordance with Condition 44 of this Licence.
- 1.2 The Licence may be further renewed for such period as the Authority thinks fit and subject to such terms and conditions as may be specified by the Authority under Section 5 of the Act.

2 Payment of Licence Fee

- 2.1 The Licensee shall pay to the Authority an annual fee which is based on the audited annual gross turnover (“AGTO”) for the provision of the services during the Licensee’s financial year. The annual fee payable shall be the total of –
 - (a) a minimum sum of \$80,000;
 - (b) 0.8% of such amount of the Licensee’s audited AGTO for the provision of the services during the Licensee’s financial year that is more than \$50 million up to \$100 million; and
 - (c) 1% of such amount of the Licensee’s audited AGTO for the provision of the services during the Licensee’s financial year that is more than \$100 million.
- 2.2 The licence fees payable under Condition 2.1 shall be forfeited if the Licence is terminated or cancelled at any time during the term of the Licence.
- 2.3 For the first year of operation, the minimum annual licence fee of \$80,000 shall be payable by the Licensee within two (2) weeks of the grant of the Licence and shall be adjusted at the end of the Licensee’s financial year based on the Licensee’s audited AGTO submitted to the Authority.
- 2.4 For the subsequent years, the annual licence fee based on the last available audited AGTO, shall be paid in advance on the first day of the Licensee’s financial year, subject to the minimum fee of \$80,000 and subject to adjustment when more recent audited AGTO are available.

Renewed on 15 September 2026

- 2.5 In the event of a default by the Licensee in the payment of any fee when due under the Licence, the Licensee shall pay to the Authority interest on the amount from time to time outstanding in respect of the overdue sum for the period beginning on (and including) its due date and ending on (and excluding) the date of its receipt in full by the Authority, which interest shall accrue from day to day and shall be calculated on the basis of the actual number of days elapsed and a three-hundred and sixty-five (365) day year. The rate of interest for late payments shall be based on the prevailing Government interest rate charged on arrears. For the avoidance of doubt, the Licensee shall continue to be subject to its obligations under the Licence and shall not be released from such obligations by reason of any late payment of licence fee.
- 2.6 The Licensee shall submit to the Authority an audited AGTO statement, not later than six (6) months after the end of each financial year.
- 2.7 In the event that the Licensee fails to submit its audited AGTO statement within the timeframe stipulated in Condition 2.6, the Licensee shall be under a continuing obligation to submit the same immediately notwithstanding any penalties imposed by the Authority for breach of Condition 2.6 or this Condition 2.7.

3 Licence is not Transferable

- 3.1 The Licensee shall not assign, transfer, sublet or otherwise dispose of its rights, duties, liabilities, obligations and privileges under this Licence to any person or persons except with the prior approval of the Authority.
- 3.2 Any such approval shall be given subject to terms and conditions, which the Authority at its discretion may impose.

4 Description of Systems and Services

- 4.1 The Licensee shall maintain and operate the systems as described in Schedule A (herein referred to as the “Systems”), for the provision of the services as described in Schedule B (herein referred to as the “Services”), subject to the specific terms and conditions set out in Schedule C. The Licensee shall not operate or provide any system or service not described in Schedules A and B except with the prior approval of the Authority.

Renewed on 15 September 2026

- 4.2 Where the Licensee wishes to introduce a new system and/or service or makes changes to any system and/or service, the Licensee shall provide the Authority such technical and/or non-technical information as may be required by the Authority within such period as may be specified by the Authority.

5 Licence Application Proposals

- 5.1 Without prejudice to any of the Licensee's obligations under this Licence, the Licensee shall abide with its proposals on network rollout, range of services, quality of service standards, pricing and service provisioning schemes, and any other commitments as submitted to the Authority in its licence application.

PART II: BASIC OBLIGATIONS OF LICENSEE

6 Public Emergency Call Services

6.1 The Licensee shall ensure that:

- (a) any person through customer premises equipment; and
- (b) any person through its public payphones

may at any time and without charge, contact the relevant police service (namely 999 or its substitute number), the fire and ambulance services (namely 995 or its substitute number) and any other national emergency services which the Minister may from time to time designate, for the purpose of notifying them of any emergency.

7 Public Maritime Emergency Services

7.1 The Authority reserves the right to require the Licensee to ensure that it is possible for any person to contact at any time and without charge, distress, urgency and safety services for shipping for the purpose of notifying them of an emergency and shall, subject to fair and proper payment by the relevant Government ministry, department, statutory board or official agency, provide the necessary facilities for distress, urgency and safety services in accordance with the Radio Regulations of the International Telecommunications Union.

8 Co-operation with Civil/Public Bodies

8.1 The Licensee shall co-operate with the relevant Government ministries, departments, statutory boards or official agencies in all possible ways to support national security, and public safety and security.

9 Provision of Directory Enquiry Services

9.1 The Licensee shall provide, on request, to any person to whom it provides telecommunication services, directory enquiry services based on an integrated customer database. The Authority reserves the right to require the Licensee to obtain the Authority's prior written approval on any charges it intends to levy for

the provision of the directory enquiry services and the Licensee shall comply with such requirement imposed.

- 9.2 The Authority reserves the right to require the Licensee to provide directory enquiry services for subscribers of other licensees.

10 Provision of Integrated Directories

- 10.1 The Authority reserves the right to require the Licensee to provide integrated directories for all subscribers at no charge (except with the approval of the Authority) and at annual intervals or any other intervals to be agreed with the Authority.
- 10.2 The Licensee shall, if necessary, and subject to charges, terms and conditions to be agreed with other licensees, provide integrated directories for their subscribers. In the event that agreement cannot be reached, the matter shall be determined by the Authority, whose decision is final.

11 Integrated Directories and Directory Enquiry Services

- 11.1 The Licensee shall exchange all relevant customer data with other licensees free-of-charge for the purpose of providing integrated directories and providing integrated directory enquiry services.

PART III: TECHNICAL OBLIGATIONS

12 Use of Telecommunication Equipment in the Systems

- 12.1 Prior to the operation of the Systems, the Licensee shall in accordance with Section 11 of the Act, submit for the Authority's approval all telecommunication infrastructure, technology and any telecommunication equipment which is part of the Systems or which is to be connected to the Systems.
- 12.2 The Licensee shall seek the Authority's prior approval from time to time for any other telecommunication equipment to be used in the operation of the Systems for which the approval has not been granted under Section 11 of the Act, whether such other equipment is in addition to or intended to replace the existing equipment or part thereof.

13 Operation of Radio-communication Stations

- 13.1 The Licensee shall apply for all necessary licences under the Telecommunications (Radio-communication) Regulations for the operation of any radio-communication stations comprised in the Systems and shall abide by any conditions imposed thereunder, including the payment of station licence fees and frequency fees for the allocation and management of frequencies by the Authority.
- 13.2 Any change to the location, equipment, frequencies, emissions, power, polarisation, aerial characteristics and other technical parameters of any radio-communication station comprised in the Systems shall be submitted in writing for the Authority's prior approval.
- 13.3 The Licensee shall comply, at its own cost, with any requirements and guidelines established by the Authority and the relevant authorities on the height of the antenna of any radio-communication station comprised in the Systems.

14 Use of Radio Frequencies

- 14.1 The Licensee shall, in its application to the Authority, justify the use of radio frequencies and shall, subject to payment of the required frequency fees, be provided with the necessary frequencies to enable the effective and efficient operation of the Systems and the provision of the Services by the Licensee.

Renewed on 15 September 2026

- 14.2 The Licensee shall take all necessary steps to ensure that the use of its Systems is safe and does not cause interference to other existing radio-communication networks operating in the same band or in other bands. The Licensee shall also take appropriate measures to ensure that its Systems are adequately protected from interference that may be caused by networks operating in the same band or in other bands.

15 Assignment of Numbers

- 15.1 The Licensee shall comply with the Authority's National Numbering Plan and the Authority's framework and guidelines on the usage, allocation and assignment of numbers. The Licensee shall, in its submission to the Authority, justify the use of numbers and shall, subject to payment of the required fees for Golden Numbers, be provided with the necessary numbers to enable the effective and efficient operation of the Systems and provision of the Services. The Licensee shall take all necessary steps to ensure that the numbers assigned are efficiently utilised.
- 15.2 Any number(s) assigned to the Licensee is the property of the Authority and the Licensee shall have no proprietary right to any of the number(s) assigned. The Licensee shall take all necessary steps to ensure that the number(s) assigned is efficiently utilised.
- 15.3 The Authority reserves the right to alter and/or reallocate any number(s) given to the Licensee at any time, upon written notice, without being liable for any loss or inconvenience directly or indirectly attributable to the alteration or reallocation of such number(s).

16 Cybersecurity of Systems

- 16.1 The Licensee shall ensure the following are implemented for systems, network nodes, and data, including those located outside of Singapore, that are used for, and/or support the provision of telecommunications services in Singapore:
- (a) Access Control: Appropriate access control measures to prevent unauthorised access to such systems and data;

- (b) Anti-Malware: Appropriate measures to protect such systems against malicious software;
- (c) Systems Security: Appropriate security arrangements to ensure that telecommunications systems are securely configured and regularly patched in a timely manner;
- (d) Network Security: Appropriate measures to protect all such network nodes against cyber-attacks; and
- (e) Data Protection: Appropriate measures to secure, protect and backup such data, and the availability of such backups for restoration is maintained.

The Licensee shall provide regular reports to its senior management on its state of compliance with the requirements stipulated in the above paragraph. The Licensee shall, if requested by the Authority, submit a copy of any such reports within thirty (30) days upon the Authority's request.

PART IV: ACCESS AND INTERCONNECTION OBLIGATIONS

17 Requirement to Provide Access

- 17.1 The Licensee shall provide to any person licensed by the Authority to provide telecommunication services in Singapore, means of access to the Systems.
- 17.2 The Licensee may, with the prior approval of the Authority, impose an access charge upon any person licensed by the Authority to provide telecommunication services in Singapore through or with the use of the Systems.
- 17.3 The Licensee shall comply with the Authority's interconnection & access framework, arrangements and requirements, including all relevant codes of practice, directions and notifications which the Authority may issue from time to time.

18 Connection to Other Systems

- 18.1 The Licensee shall connect to the Systems on request and at appropriate connection points, which it shall provide for this purpose:
 - (a) any equipment approved or exempted from approval by the Authority for connection to the Systems; and
 - (b) any public or private telecommunication systems approved or licensed by the Authority which systems also meet any other requirements, which the Authority may impose from time to time.
- 18.2 Notwithstanding Condition 18.1, the Licensee shall cease to connect or refuse to connect to the Systems any equipment or system that:
 - (a) has not been approved, licensed or exempted from approval or licensing by the Authority; or
 - (b) no longer meets the requirements for approval or licensing by the Authority, in respect of which the Authority has issued a notice to that effect to the person who has under his control such equipment or system.

- 18.3 The terms and conditions for the connection of equipment or systems to the Systems of the Licensee shall be determined by agreement between the Licensee and the owner or operator of the equipment or system except in so far as the conditions are prescribed in the Act or in this Licence. In the event that the parties cannot reach an agreement, the matter shall be determined by the Authority whose decision shall be final.

19 Arrangements for Connection to Systems

- 19.1 The Licensee shall not impose technical or other conditions or employ any arrangements for the connection of equipment or systems to the Systems other than those set by the Authority. In particular, the Licensee shall not, except where the Authority is satisfied that it is reasonable, exercise any Intellectual Property Rights which it owns or is licensed to use in a manner which prevents or inhibits the connection of approved equipment or systems to the Systems.
- 19.2 In this Condition, ‘Intellectual Property Rights’ means, without prejudice to its generality, the rights to patents, trademarks, designs, know-how and copyright.
- 19.3 The Licensee is required to comply with the following technical requirements and safeguards:
- (a) the Licensee shall not manipulate the Calling Line Identity of the original calling party and the original calling party Calling Line Identity shall be passed on in the conveyance of a call accordingly;
 - (b) the Licensee shall not, in the handling of outgoing traffic, manipulate the access code dialled by the calling party; and
 - (c) the A-bit of the Forward Call Indicator of the Initial Access Message on the ITU-T Signalling System Number 7 ISDN User Part signalling should be set to the value “1” to identify an international incoming call for systems inter-working. Where the Licensee operates a system which does not support ITU-T Signalling System Number 7 signalling, then the Licensee shall route such international incoming calls on specified circuits.

20 Changes to Systems

- 20.1 The Licensee shall give notice in writing to the Authority and shall notify all parties affected of any changes it intends to implement in the specification or performance of the Systems which would require changes to any equipment or systems connected to the Systems or which would have the effect of making such connections inoperable. The period of notice given shall be appropriate to the likely impact on the parties affected and on connected equipment or systems and shall be decided in consultation with the Authority.
- 20.2 Where the Authority considers that a change in the Systems referred to in Condition 20.1 would cause another person licensed to provide telecommunication services in Singapore to make major changes in its own systems in order to connect its systems to the Systems, and notifies the Licensee thereof, the Licensee shall obtain the prior approval of the Authority before implementing such a change.

21 Infrastructure Sharing and Deployment

- 21.1 The Licensee shall comply with the Authority's framework for facilities sharing and deployment, including all relevant codes of practice, directions and notifications which the Authority may issue from time to time.
- 21.2 Where the Authority considers it necessary for the Licensee to share infrastructure with other licensees in designated areas in the national and/or public interest or otherwise, the Authority shall inform the licensees accordingly so that licensees can make the necessary arrangements before submitting their infrastructure sharing plans to the Authority for approval. The Licensee shall share infrastructure whenever and wherever mandated by the Authority in accordance with the framework for facilities sharing and deployment, including codes of practice.

22 Requirement for Underground Telecommunication Systems

- 22.1 The Licensee shall comply with any requirements by the Authority and the relevant authorities on its underground telecommunication systems in Singapore, including the provision of information on such systems in the format specified by the authorities.

PART V: SERVICE OBLIGATIONS

23 Price Control/Tariffing Arrangements/Quality of Service Standards

- 23.1 The Authority reserves the right to establish price control arrangements and Quality of Service Standards for the Services provided by the Licensee with which the Licensee shall comply.
- 23.2 The Authority reserves the right to require the Licensee to maintain separate financial data and accounts for the Services and shall submit on request these data and accounts to the Authority for inspection.
- 23.3 The Authority reserves the right to require the Licensee to file its schemes of service, including non-price terms and conditions for the provisioning of Services and price schemes with the Authority before commercial launch or announcement of such Services.

24 Publication of Charges, Terms and Conditions and Other Information

- 24.1 The Licensee shall publish information about the Services it provides, covering inter alia, descriptions and pricing of the Services available, the terms and conditions thereof, and the provision of fault repair and any other commercial and technical services and such other information as the Authority may require the Licensee to publish in relation to the Services.

25 Confidentiality of Subscriber Information

- 25.1 The Licensee shall ensure the confidentiality of subscriber information, especially for ex-directory numbers, and comply with any codes of practice or guidelines issued by the Authority in relation to the use of subscriber information.
- 25.2 Notwithstanding Condition 25.1, the Licensee shall disclose subscriber information where deemed necessary by the Authority or any relevant law enforcement or security agencies in the exercise of their functions and duties.

26 Establishment of Resale Services

- 26.1 Subject to the Act, the Licence and applicable codes of practice, guidelines and directions which the Authority may issue from time to time, the Licensee may establish marketing and distribution schemes for the resale of the Services on the condition that the resale agencies shall not market themselves as licensees providing the Services, but as appointed resellers of the Licensee to market and promote the Services on the Licensee's behalf.
- 26.2 Where the Authority is satisfied that any reseller of the Services has breached any term or condition of the resale agreement with the Licensee, or contravened the Act or applicable codes of practice, guidelines or directions issued by the Authority, the Authority may direct the Licensee to suspend or revoke the said resale agreement and the Licensee shall comply with such direction within such time as may be specified by the Authority.
- 26.3 The Authority may issue directions to the Licensee in respect of any term and condition of its resale agreements and the Licensee shall comply with such directions within such time as may be specified by the Authority and where applicable, notify its resellers immediately. For the purposes of this Condition, every resale agreement entered into by the Licensee with a reseller must include a provision subjecting the resale agreement to such directions as the Authority may issue from time to time.

PART VI: OTHER OBLIGATIONS

27 Codes of Practice and Advisory Guidelines

- 27.1 The Licensee shall comply with the codes of practice issued by the Authority as well as any additional or supplemental guidelines, which the Authority may issue from time to time.

28 Number Portability

- 28.1 The Licensee shall implement number portability from commencement of service subject to the Authority's number portability requirements and charging principles.
- 28.2 The Licensee shall comply, at its own cost, with any requirements and guidelines established by the Authority on number portability to be implemented by the Licensee.

29 Accounting Separation

- 29.1 The Licensee shall comply with the practices, principles and requirements set out in the Accounting Separation Guidelines established by the Authority, and any additional or supplemental guidelines issued by the Authority from time to time.

30 Restriction on Undue Preference and Undue Discrimination

- 30.1 The Licensee shall not show undue preference towards, or exercise undue discrimination against any person or class of persons in, inter alia, the price and performance characteristics of the Services provided or the terms and conditions under which the Services are provided. In particular, the Licensee shall not give any undue preference to, or receive an unfair advantage from, a business carried on by it or an associated or affiliated company, service or person, if the Authority is of the opinion that the Licensee's competitor could be placed at a significant competitive disadvantage or that competition would be prevented or substantially restricted.

31 Restriction Against Anti-Competitive Arrangements

- 31.1 The Licensee shall not enter into any agreement or arrangement, whether legally enforceable or not, which shall in any way prevent or restrict competition in relation to the operation of the Systems or provision of the Services by the Licensee or any other telecommunication system and/or services licensed by the Authority.

32 Restriction on Exclusive Arrangement for International Services

- 32.1 The Licensee shall not enter into any agreement or arrangement with a person running an Authorised Overseas System on terms or conditions which unfairly preclude or restrict, to the detriment of the national and/or public interest, the provision of any international telecommunication services by any person licensed by the Authority to provide those services.
- 32.2 In this Condition, ‘Authorised Overseas System’ means a system, which is recognised by the Government or any competent authority of a foreign country as authorised to provide telecommunication services by or through that system.
- 32.3 The Licensee shall comply with the Authority’s requirements on the international settlement regime and seek the Authority’s endorsement and/or approval to the arrangements reached with other licensees, before implementation.

33 Contracts with Third Parties to Operate or Provide Licensed Systems or Services

- 33.1 Where the Licensee intends to enter into any joint venture, association, contract or arrangement with a third party, the effect or purported effect of which would be to permit a person who is not originally a party to this Licence to share in the benefits of, or otherwise gain any rights or privileges under this Licence, or which would otherwise result in a breach or circumvention of Condition 3.1, the Licensee shall seek the Authority’s approval for the joint venture, association, contract or arrangement in question.
- 33.2 The Authority may direct at any time the Licensee to effect any changes it deems necessary in the terms and conditions of the joint venture, association, contract or arrangement referred to above.

- 33.3 If the Licensee fails to effect the necessary changes referred to in Condition 33.2, the Authority may direct the Licensee to terminate any such joint venture, association, contract or arrangement.
- 33.4 Nothing in Condition 33.1 shall be construed as requiring the Licensee to obtain the approval of the Authority for the appointment of agents or for the employment of independent contractors or sub-contractors to carry out any works or provide any services which enable the Licensee to discharge its duties and obligations under this Licence provided that the Licensee shall be liable to the Authority for any act, omission, default, neglect or otherwise of the agents and independent contractors or sub-contractors in carrying out any such works or providing any such services.

34 Board Directorship and Management Appointments

- 34.1 The Licensee shall seek the Authority's prior written approval at least one (1) month in advance before appointing any person as the Licensee's chief executive officer, director or chairperson of its board of directors. The Licensee shall notify the Authority in writing within five (5) days if any chief executive officer, director or chairperson of its board of directors of the Licensee were to resign or were otherwise removed from his/her appointment.

35 Direction by the Authority

- 35.1 The Licensee shall strictly and without any undue delay comply with any directions, which the Authority may from time to time issue in exercise of its powers, functions or duties under the Act, or in this Licence.
- 35.2 The Authority may, by notice in writing to the Licensee amend, vary or revoke wholly or in part any directions given by it pursuant to Condition 35.1.
- 35.3 Unless otherwise expressly specified, the Licensee shall safeguard the secrecy of all directions given by the Authority. The Licensee shall not during the currency and after the expiry, termination or cancellation of the Licence disclose or permit the disclosure of any of the said directions to any person not authorised to receive the same without the prior written consent of the Chief Executive Officer of the Authority. The Licensee shall further take all reasonable precautions in dealing with the said directions so as to prevent any unauthorised person from having access to the same.

36 Dispute Resolution

- 36.1 In the event that the Licensee fails to reach an agreement with other licensees on matters relating to the requirements of this Licence or the Act, the matter shall be determined by the Authority whose decision shall be binding on all parties concerned.
- 36.2 The Authority reserves the right to levy a fee for work undertaken in this respect.

37 Provision of Information to the Authority

- 37.1 The Licensee shall provide the Authority with any document and information within its knowledge, custody or control, which the Authority may, by notice or direction require. The Licensee undertakes to the Authority that any such document and information provided to the Authority shall be true, accurate and complete.
- 37.2 For the purposes of ensuring the Licensee's compliance with the conditions of the Licence, the Authority may from time to time require the Licensee to arrange at its own expense, for a separate and independent audit of its activities. The Licensee shall, at the Authority's request, submit the audited accounts and reports prepared under this Condition 38.2 to the Authority for inspection and verification.
- 37.3 The Licensee shall keep in strict confidence any document and information furnished to or so required by the Authority pursuant to Condition 38.1, as well as the fact that the Authority has requested for such document and/or information.
- 37.4 The Authority may use and disclose any such document or information provided to the Authority pursuant to Condition 37.1 as the Authority deems fit. Where the Authority proposes to disclose any document or information obtained pursuant to Condition 37.1 and the Authority considers that the disclosure would result in the release of information concerning the business, commercial or financial affairs of the Licensee or which disclosure would or could reasonably be expected to adversely affect the Licensee's lawful business, commercial or financial affairs, the Authority will give the Licensee a reasonable opportunity to make representations on the proposed disclosure before the Authority makes a final decision on whether to disclose the information.

38 Participation in Emergency Activities

- 38.1 The Licensee shall, where directed by the Authority, participate in any emergency activities or preparations thereof in collaboration with other relevant agencies, organisations and Government ministries and departments, in accordance with the written law in Singapore.
- 38.2 The Licensee shall, unless expressly notified otherwise, keep in strict confidence any information or document pertaining to Condition 38.1 as well as the fact that the Authority has requested the Licensee to participate in such emergency activities and preparations.
- 38.3 The Authority, may from time to time, require the Licensee to submit to the Authority for approval any changes to any telecommunication system, installation or plant and any service plans, together with such technical and non-technical information as may be required by the Authority, at least one (1) month before such change is intended to be implemented.

39 International Obligations

- 39.1 The Licensee shall exercise its rights and powers and perform its duties and obligations under this Licence in a manner, which is consistent with the Government's obligations under any convention, agreement, arrangement or treaty to which Singapore is or shall become a party.
- 39.2 The Authority shall notify the Licensee from time to time of any such convention, agreement, arrangement or treaty to which Condition 39.1 applies for its compliance.

PART VII: SUSPENSION, VARIATION AND TERMINATION

40 Penalty Framework for Breach of Licence Conditions

- 40.1 Where the Licensee breaches any licence condition, the Authority may impose a financial penalty on the Licensee in accordance with Section 10 of the Act.

41 Variation of Terms of Licence

- 41.1 Pursuant to Section 9(1) of the Act, the Authority may vary or amend any of the terms of this Licence by giving the Licensee at least one (1) month's notice in writing.

42 Suspension/Cancellation

- 42.1 The Authority may, in any of the events specified in Section 10 of the Act, by notice in writing given to the Licensee, suspend or cancel the Licence in whole or in part, or impose a financial penalty in such amounts the Authority thinks fit.

43 Termination of Licence or Cessation of Systems or Services

- 43.1 In the event that the Licensee desires to terminate its Licence, or cease its operation of the Systems or the provision of any of the Services, the Licensee shall seek the Authority's approval in writing at least six (6) months in advance.
- 43.2 The Authority reserves the right to require the Licensee to facilitate the migration of its customers to suitable alternatives so as to minimise any service disruption that may be caused to its customers.
- 43.3 The Licensee shall continue the operation of the Systems and provision of the Services until the Authority's written approval has been obtained under Condition 43.1 and the Licensee has satisfactorily met the Authority's requirements, if any, to which the Authority's approval is made subject to.

44 Rights upon Termination, Suspension or Cancellation

- 44.1 Any termination, suspension or cancellation of the Licence shall be without prejudice to the rights and remedies which may accrue to the Licensee or the Authority under the Licence or any written law as at the date of termination, suspension or cancellation except that the Licensee shall not have the right to seek a refund of the licence fee or any other fee paid in advance.

45 Exceptions and Limitations on Obligations

- 45.1 The Licensee shall not be held to have failed to comply with its obligations in this Licence if and to the extent that the Authority is satisfied that it is prevented from complying with those obligations for the following reasons:
- (a) malfunction or failure of any equipment where the Authority determines that reasonable measures were taken beforehand;
 - (b) the act or omission of any national authority, local authority or international organisation; or
 - (c) any other factor, which, in the opinion of the Authority is beyond the Licensee's reasonable control and which notwithstanding the exercise by it of reasonable diligence and foresight, the Licensee was unable to prevent or overcome.

Provided that the Licensee shall use all reasonable endeavours to resolve with all reasonable speed the factor(s) preventing the carrying out of its obligations and shall resume the performance of its obligations as soon as the factor(s) which prevented the performance thereof is resolved.

46 Compliance with the Law

- 46.1 The Licensee shall observe and comply with all local laws, including but not limited to the Act, the Telecommunications (Radio-communication) Regulations, the International Telecommunication Convention and any other treaty or convention to which Singapore is a party.

46.2 Nothing in this Licence shall be taken as discharging the Licensee from its obligations to obtain any other right, licence, permit or approval that may be required under any written law in force in Singapore.

47 Governing Law

47.1 This Licence shall be governed by and construed according to the law of Singapore.

48 Service of Notices

48.1 All notices under this Licence shall be in writing and shall be deemed to have been given if sent by hand or pre-paid post or by facsimile to the Licensee's registered address as lodged with the Accounting and Corporate Regulatory Authority or by electronic mail to the Licensee's electronic mail address as stated in its licence application to the Authority, or such other electronic mail address as notified to the Authority from time to time.

49 Severability

49.1 Every condition and part thereof shall be construed as a separate and severable provision so that if any condition and part thereof is held invalid, unenforceable or illegal for any reason, the remainder of the Licence shall remain in full force in every respect.

- (f) Service Period (start and end date for each type of service);

Renewed on 15 September 2026

(g) Service Types:

(i) Service ID;

(ii) Assigned Client IP address and User ID/User Name (where applicable); and

(h) Equipment ID (where applicable).

4.2 The Authority reserves the right to require the Licensee to record any other details as necessary in its register of subscribers.

4.3 Before recording the particulars referred to in Condition 4.1 of this Schedule, the Licensee shall:

(a) where the subscriber is in Singapore, require the production of the subscriber's identity card issued under the National Registration Act (Cap. 201), passport or Employment Pass and make and keep a photocopy of such evidence of identity; or

(b) where the subscriber is not in Singapore, the Licensee shall use its best efforts to verify the identity of the subscriber through appropriate documents that are recognised by the authorised establishments in the country of purchase.

4.4 The records in the register shall be kept by the Licensee for a period of not less than twelve (12) calendar months from the date of termination of the Services to the subscriber.

5 Registration of Retailers

5.1 The Licensee shall maintain a register containing records of its retailers and their particulars which shall be made available for inspection by authorised Singapore government agencies. The records shall contain the following particulars of the retailer:

Renewed on 15 September 2026

- (a) Name, business address and, as applicable, NRIC number, passport number or business registration number of the retailer in Singapore;
 - (b) Where the retailer is not based in Singapore, the applicable identification details obtained through appropriate documents that are recognised by the authorised establishments in the country of origin, shall be used instead;
 - (c) Contact telephone number(s) of the retailer; and
 - (d) IP telephony number accounts allocated by the Licensee to the retailer for sale.
- 5.2 The Licensee shall ensure that retailers selling its Services obtain the information set out in Conditions 4.1, 4.2 and 4.3 of this Schedule upon the registration of a subscriber and forward such information to the Licensee within two (2) days of the activation of the subscriber's account.
- 5.3 The Authority reserves the right to require the Licensee to record any other details as necessary in its register of retailers.
- 5.4 The records in the register shall be kept by the Licensee for a period of not less than twelve (12) calendar months from the date of which the retailer ceases to sell the Services of the Licensee.

Renewed on 15 September 2026

6.3 All data records including CDRs shall be kept by the Licensee for a period of not less than twelve (12) calendar months.

6.4 The Authority reserves the right to require the Licensee to retain any other details as part of data records as necessary.

7 Additional Conditions for Provision of IP Telephony Services Utilising Series “6” Telephone Numbers

7.1 Where the Licensee provides any of the Services utilising a Series “6” telephone number, it shall comply with Conditions 7.2 to 7.8 in respect of such services (hereinafter referred to as “Series “6” Services”). For the purposes of these Conditions, ‘Fixed Network Telecommunication Services’ means fixed line basic telephony services associated with number Series “6”.

7.2 The Licensee shall ensure that subscribers of its Series “6” Services must be able to receive and make voice calls from/to subscribers on any public switched telecommunication network, public mobile network or public digital voice network in Singapore.

7.3 The Licensee shall ensure that:

- (a) any person through customer premises equipment that enables the use of its Series “6” Services; and
- (b) any person through its public payphones that enables the use of its Series “6” Services,

may at any time and without charge, contact the relevant police emergency service (namely 999 or its substitute number), the fire and ambulance services (namely 995 or its substitute number) and any other national emergency services which the Minister may from time to time designate to be provided by operators of Fixed Network Telecommunication Services, for the purpose of notifying them of any emergency.

- 7.4 The Licensee shall ensure that its Series “6” Services are only provided to domestic subscribers (within Singapore) with a Singapore registered and billing address.
- 7.5 The Licensee shall ensure that its Series “6” Services comply with the same standards and requirements for number portability as may be established by the Authority from time to time for Fixed Network Telecommunication Services.
- 7.6 The Licensee shall:
- (a) provide directory enquiry services based on an integrated customer database upon request to any person to whom the Licensee provides its Series “6” Services; and
 - (b) provide directory enquiry services for subscribers of other licensees in relation to all persons to whom the Licensee provides its Series “6” Services.
- 7.7 The Licensee shall:
- (a) provide integrated directories to subscribers of its Series “6” Services in accordance with such requirements as may be established by the Authority; and
 - (b) exchange all relevant customer data of subscribers of its Series “6” Services with other licensees free-of-charge for the purpose of providing integrated directories and providing integrated directory enquiry services.
- 7.8 The Licensee shall, if necessary, and subject to charges, terms and conditions to be agreed with other licensees, provide integrated directories for their subscribers. In the event that agreement cannot be reached, the matter shall be determined by the Authority, whose decision shall be final.
- 7.9 The Licensee shall not provide Series ‘6’ telephone numbers on a wholesale basis to any person, unless that person:

- (a) is a related corporation, as defined in Section 6 of the Companies Act 1967, of (i) the Licensee, or (ii) another person holding a Facilities-Based Operations or Services-Based Operations (Individual) licence issued by the Authority, and who the Licensee shall ensure cannot further provide Series '6' telephone numbers on wholesale basis to any other person;
- (b) has been appointed by the Licensee to market and promote the Licensee's services on the Licensee's behalf, and who the Licensee shall ensure cannot further provide Series '6' telephone numbers on wholesale basis to any other person; or
- (c) holds a Facilities-Based Operations or Services-Based Operations (Individual) licence issued by the Authority.

SCHEDULE C
(Where Applicable)

**SPECIFIC TERMS AND CONDITIONS FOR
LIVE AUDIOTEX SERVICES**

1 Transmission of the Live Audiotex Services

- 1.1 The Licensee shall comply with the following transmission standards in the delivery of the announcement or programme:
- (a) there shall be no delay in starting the announcement or programme when a call is connected;
 - (b) each of the live Audiotex services shall be assigned a different telephone number;
 - (c) there shall be no interruptions during the announcement or programme; and
 - (d) such other standards as may be specified by the Authority.
- 1.2 The Licensee shall ensure that the number of attempted calls at any time does not significantly exceed the number of call-in lines for the live Audiotex services and shall subscribe for additional lines from licensed Facilities-Based Operations licensee, to adequately handle calls for the live Audiotex services and to prevent congestion to other users of the public telecommunication network.
- 1.3 The Licensee shall not, except with the prior arrangement with the licensed Facilities-Based Operations licensee, organise any mass calling event which will generate a high influx of calls to the live Audiotex services.
- 1.4 The Licensee shall not enable callers to communicate amongst themselves directly in real-time.

Renewed on 15 September 2026

- 1.5 The Licensee shall ensure that the Value-Added Network and/or the live Audiotex services provided through it are not used for any unlawful purpose.

2 Content and Accuracy of Announcements/Programmes

- 2.1 The Licensee shall be solely responsible for the content and its accuracy and shall obtain all necessary approvals from the relevant authorities in Singapore.
- 2.2 The Licensee shall indemnify and keep indemnified at all times the Authority against all claims for libel, slander, infringement of Intellectual Property rights or any other liability whatsoever arising from or in connection with the information transmitted or received through the Value-Added Network.

3 Announcement of Call Duration

- 3.1 The Licensee shall arrange for the live operator to announce the call duration to callers at regular intervals of a maximum of 15 minutes or less. The Licensee may either charge an information fee on per minute basis or a fixed fee on a per call basis. If the Licensee decides not to make regular announcements of call duration, it shall only charge a fixed fee on a per call basis. The fixed fee shall also be applicable to mixed pre-recorded and live Audiotex services that provide an option for a caller to talk to a live operator after listening to a pre-recorded information or programme.

4 Announcement of Call Charges

- 4.1 The Licensee shall ensure that its current call charges are published in all advertisements for the live Audiotex services.
- 4.2 The Licensee shall, in addition, announce the current call charges for the live Audiotex services at the beginning of the call. The Licensee shall provide a grace period during which calls are not charged for:
- (a) the first 6 seconds of a call where the charge announcement lasts 4 seconds; or

- (b) the first 12 seconds of a call where the charge announcement lasts 10 seconds.

5 Data Retention Requirements

- 5.1 The Licensee shall maintain Call Detail Records (“CDRs”) of all calls made and received through the Service, which are operated and/or provided in Singapore.
- 5.2 All CDRs shall be kept by the Licensee for a period of not less than twelve (12) calendar months.
- 5.3 The Authority reserves the right to require the Licensee to retain any other details as part of data records as necessary.

SCHEDULE C
(Where Applicable)

**SPECIFIC TERMS AND CONDITIONS FOR
MANAGED DATA NETWORK SERVICES**

1 Technical Compatibility

- 1.1 The Licensee shall comply with any technical specifications prescribed by the Authority for the purposes of ensuring technical compatibility, avoiding technical harm to the telecommunication network and/or systems of Facilities-Based Operations licensee, or preventing safety hazards to personnel in the connection of telecommunication equipment and/or systems to the network.

2 Metering

- 2.1 The Licensee shall take all reasonable steps to ensure that any metering equipment used in connection with the Managed Data Network Services (“MDNS”) provided under the Licence is accurate and reliable.
- 2.2 Upon the written request of the Authority, the Licensee shall conduct tests on metering equipment to assess its accuracy, reliability and conformity to the technical standards, if any, as specified by the Authority. The Licensee shall submit the test results to the Authority within fourteen (14) days after the date of the test or within such other period as may be specified by the Authority.

3 Registration of Subscribers

- 3.1 The Licensee shall maintain a register containing records of its subscribers and their particulars, which shall be made available for inspection by authorised Singapore government agencies. The records shall contain the following particulars of the subscribers:
