15. **Microsoft Singapore Pte Ltd**

Microsoft established its presence in Singapore in 1990. Over the past 16 years, its software products have enabled many Singaporeans to fulfil their personal and professional goals. From the beginning, Microsoft has built our business through proactive collaboration with key institutions, government, community based organisations, non-governmental organisations and other like-minded industry partners. Today, Microsoft in Singapore employs over 600 employees across three legal entities - Microsoft Singapore, Microsoft APAC Regional HQ and Microsoft Asia Pacific Operations. Through programs such as "Unlimited Potential" and "Partners in Learning", and its broad efforts to expand the local software economy, Microsoft believes that it is helping to make a difference to Singapore and Singaporeans. Its commitment to Singapore's long term growth and prosperity remains strong as it looks forward to next stage of national development.

16. **MobileOne Ltd (new)**

MobileOne (M1) was formed in August 1994 to enter the rapidly expanding mobile telecommunications market in Singapore. It launched its mobile services on 1 April 1997. Within three weeks of its launch, M1 signed up more than 35,000 cellular customers, one of the world's highest take-up rates for a new market entrant then. Taking a fresh approach to mobile telecommunications, M1 began to set the pace for innovative services. With its strong branding and value proposition, sales soared and within 21 months of commencing operations, M1 achieved profitability several years ahead of projection. Since then, M1 has made significant inroads into the local mobile telecommunications market, gaining considerable brand presence and market share. It is known as an innovative and quality mobile service provider with a customer-focused approach to business. Besides providing local and international voice services, M1 has also taken the lead in introducing 3rd Generation (3G) technology, High Speed Downlink Packet Access (HSDPA), and other data and m-commerce services. In December 2006, it launched M1 Broadband - Singapore's first true island-wide wireless broadband service. M1 was listed on the Singapore Exchange in December 2002. Keppel Telecoms Pte Ltd, SPH Multimedia Private Limited and SunShare Investments Ltd are major shareholders of M1.
